SCANDINAVIA WATCHING DEVELOPMENTS IN NAZI IRON ORE SITUATION WITH GRAVE ANXIETY

CANADIANS RESOLVED TO STAND BY BRITAIN

Liberal Victory In Election

LONDON, Mar. 28 (BWS)—The Liberal Government's decisive victory in the Canadian general election has given great satisfaction in London and is generally acclaimed as undeniable evidence of the Dominion's determination to take its share in the Empire effort to make victory certain.

Observers here are particularly impressed by the large size of the poll in spite of unfavourable weather and feel that a striking answer has been given to the parrot repetition by dictator countries of the democratic lack of unity and energy in expressing decisive opinions.

The Daily Herald sums up the moral of the result by saying, "Nazis, and even others, may well have imagined that the Canadians might have felt themselves so safely distant from Hitler as to imitate in some of the traditional isolationism of the neighbouring United States. Yet various 'stop the war' candidates were almost annihilated in yesterday's election. Canada has given an overwhelming demonstration of her resolve to stand beside Britain in the fight for freedom."

The Manchester Guardian says Mr. Mackenzie King has been given an unmistakable vote of confidence in his Government's war activities and adds, "It is deserved. Canada has enrolled, by voluntary enlistment, over 90,000 men of whom the first contingents have crossed the ocean. She has helped to plan on her soil a training school for the air force that is one of most striking projects in military history. "She has turned her industry to the service of the Allies and secured to them, at agreed rates, her primary products."

CRAIGIE GOING ON HOLIDAY

TOKYO, Mar. 28 (Reuter)—Sir Robert Craigie, British Ambassador to Japan, and Lady Craigie, plan to visit the United States in the middle of April for a brief holiday.

Sir Robert Craigie and his wife have been in Tokyo for two and a-half years.

DEATH OF MRS. M.F. FIERMONTE

PALM BEACH, Mar. 28 (Reuter)—The death occurred today of Mrs. Madeleine Force Astor Fiermonte, formerly the wife of Colonel J. J. Astor.

"COMMITTEE FOR ECONOMIC PEACE" MEETING AT HAGUE: GERMANY REPRESENTED

THE HAGUE, Mar. 28 (Reuter)—One Briton, two French and three Germans have arrived to attend meetings of the "Committee for Economic Peace" formed through the efforts of the International Chamber of Commerce aimed by Carnegie Endowment for economic peace.

The Germans are attending as representatives of the Reich although the British and French delegates are not official but are solely representatives of the International Chamber of Commerce.

American, Dutch, Belgian, Swiss and Swedish representatives are also attending, including Belgium's former Prime Minister, M. van Zeeland.

Small Ships Hugging Norwegian Coast

STOCKHOLM, Mar. 28 (Reuter)—Scandinavia is watching developments in the German iron ore situation with grave anxiety.

The Germans are reported to be using for the transport of this ore from northern Norway small steamers of shallow draught which are able to hug the Norwegian coast closely in order to avoid interception.

The Tidningen's special correspondent reports that Narvik harbour is being used to its full capacity.

Flares Seen Off Coast

LONDON, Mar. 28 (Reuter)—Flares seen off the coast led to two lifeboats covering over 70 miles during the night searching for a British plane believed to have been forced down while on patrol.

Nothing was found and the first lifeboat returned after seven hours of search.

Early this morning more flares were seen and another lifeboat was launched but also returned after a fruitless search lasting several hours.

BRITISH LOAN TO SPAIN

Special To H.K. Daily Press LONDON, Mar. 28 (Havas)—The text of the recently concluded Anglo-Spanish Financial Agreement revealed that Britain is lending Spain \$2,000,000 bearing interest at the rate of four and a-half per cent.

Amortisation will begin in June, 1942, in 10 bi-yearly payments.

The loading of these small steamers takes longer than usual because they are not provided with the regular loading equipment and at present German ships are "queueing up" for loads of iron ore.

The Tidningen's Berlin correspondent reports that neutrals may be expected shortly to treat British armed cargo vessels, as warships, only allowing them to remain in neutral harbours for 24 hours.

RAILWAY ACCIDENT: 14 INJURED

LONDON, Mar. 28 (Reuter)—A message from Basle states that another railway accident, in which 14 people were injured and considerable damage done, occurred at Lottach Baden, according to reports received here.

A shunting engine collided with a passenger train and traffic was held up for a considerable time.

PUPPET COMMANDER TAKEN PRISONER AT WUYUAN: RENEWED HAINAN FIGHTING

WUYUAN, March 28 (Central)—Heavy reinforcements have been sent by the Japanese at Paotow, Kweilun, and other places to the north bank of the Usa River, north of Wuyuan, in West Suiyuan, to stage a counter-offensive.

Repeated attempts of the invaders to cross the stream to the south bank have failed. Covered by an artillery barrage and aerial bombardment, they made another attempt on Monday, but were again repulsed.

Chinese guns concentrated their fire on the Japanese vessels, sinking several of them. More than 700 Japanese were killed and drowned.

Li Keng-che, puppet divisional commander of the bogus Mongolian Army, and four Japanese advisers were taken prisoner when they escaped from Wuyuan recently. They have been escorted to Lanchow, Kansu.

SUWEN, LUICHOW PENINSULA, Mar. 28 (Central)—More than thirty villages at Fungying on the northern coast of Hainan Island were razed by fire by the Japanese on March 17, and many villagers were killed. Assisted by Chinese troops, the villagers eventually drove the enemy away, about 230 Japanese being reported killed.

Japanese troops in occupation of Tahnshan, in the northwestern part of Hainan Island, burned down more than 300 civilian houses in the suburbs on March 18. They were later attacked by the Chinese, and it is reported that the Japanese garrison commander, an adviser and about 100 soldiers were killed in action.

MALINGHU RECAPTURED

KWEILIN, Mar. 28 (Central)—Malinghu, west of Lingshan in Western Kwangtung, was recaptured on March 25 by the Chinese in pursuit of the retreating Japanese.

HEAVY FIGHTING

CHUNGKING, Mar. 28 (Reuter)—Heavy fighting is said to be in progress along the banks of the Wuchia River, according to the latest Chinese field despatches reaching here.

Japanese forces from Paotow, assisted by tanks, artillery and aircraft, are reported to be making a determined attempt to recapture the city of Wuyuan.

Hongkong Police Force Inspection

His Excellency the Governor, accompanied by Mr. A. R. S. Major, A.S.F., inspecting the European contingent at yesterday's Police parade. Also in the picture are Capt. S. H. Batty-Smith, A.D.C., and Mr. K. A. Bidmead, Superintendent of Police.

Creation Of Standing Welfare Commission For Campaign Against Social, Moral, Economic Shortcomings Prevalent In Hongkong

128 ENEMY AIRCRAFT SHOT DOWN

Total Covers All Fronts

LONDON, Mar. 28 (Reuter)—Reuter learns that since the beginning of the war, and up to and including yesterday's engagement on the Western Front, 128 enemy aircraft have been shot down in actions with the R.A.F. or by anti-aircraft batteries.

This total covers all fronts. It is also learned that in addition 44 enemy aeroplanes were so badly damaged that, in all probability, they failed to return to their bases.

From the total of 128 definitely known to have been shot down, 29 were accounted for on the Western Front, 99 in actions off the East coast of England, Scotland, Heligoland Bight and over the North Sea.

It is pointed out that the total represents aircraft brought down by the R.A.F., Royal Navy and anti-aircraft batteries and does not include any planes shot down by the French or Polish forces.

A middle-aged wharf coolie, name unknown, suddenly collapsed and died at the Tung On Wharf yesterday afternoon. His body was conveyed to the mortuary.

A hint that he was considering the advisability of creating a standing Social Welfare Commission for an organised campaign against the social, moral and economic shortcomings and abuses which prevail in the Colony, was given by His Excellency the Governor, Sir Geoffrey Northcote, when he presided at the annual meeting of the Social Service Centre of the Churches at St. John's Cathedral yesterday evening.

The meeting, which was well attended, was opened by the Dean, Very Rev. J. L. Wilson, who spoke generally on the principles underlying the work of the Centre. He was followed by Miss Nell E. Elliott, general secretary, who gave the gathering a good picture of the work of the Centre.

The Hon. Dr. P. S. Selwyn-Clarke, Director of Medical Services, then outlined the actual scope of the activities here and the needs of those engaged on such work both from the Government and the public, after which His Excellency addressed the meeting as follows:—

We have had lucidly exposed to us an account of the highly valuable work that the Social Service Centre of the Churches is doing for the poorest and most helpless among us and on behalf of the Colony's administration. I offer a very sincere tribute of gratitude and appreciation to the Centre's hard-working and devoted labourers.

The admirable work which the Social Service Centre of the Church and a large number of other charitable societies have done and are doing in the Colony has recently set me thinking of the advisability of creating a standing Social Welfare Commission which would consist of experts and would serve as an Intelligence Branch in the conduct of a continuous, organised campaign against the social, moral and economic shortcomings and abuses which prevail here, as they prevail elsewhere.

LONG-TERM PROGRAMMES

The functions of such a Commission, as I conceive them at the present time, and I admit that more thinking upon the subject is necessary before any action is taken, would be to work out on its own initiative, but with the aid of Government departments, long-term programmes of social reform, to act as Government's consultant in

CHANGE IN ATTITUDE OF SOVIET TO JAPAN

Delicate State Of Relations

Special to H.K. Daily Press

TOKYO, Mar. 28 (Havas)—The attitude of the Soviet Union to Japan has shown a marked change since the termination of the Finnish war, according to the Yomiuri Shimbun.

The paper said that since the conclusion of the Soviet-Finnish peace, Russia has embarked on a policy of annoying Japan.

There are reports that the Soviet is concentrating troops in the Far East and Soviet patrols in Saghalien fired recently on Japanese patrols.

APPRECIABLE CHANGE

"All in all, there are indications that the Soviet Far Eastern policy has undergone an appreciable change and M. Molotov may be suspected of having forgotten his much-heralded declaration of last September when he said he would endeavour to improve relations with Japan," said the paper.

Well-informed quarters see another indication of the delicate state of Soviet-Japanese relations by the fact that a closed session was decided upon by the House of Peers when the War and Navy Ministries delivered replies to interpellations on Japanese policy towards the U.S.S.R. at a meeting of the Budget Sub-Committee.

BRITISH BOMBER DOWNED

AMSTERDAM, Mar. 28 (Reuter)—A British bomber was shot down near Rotterdam early this morning by Dutch chaser planes.

The machine crashed in flames but, of the five occupants, one was killed. The others were not injured and have now been interned.

HIT ABOVE FERNIS

AMSTERDAM, Mar. 28 (Reuter)—A communique issued by the Government Press Service states that a British bomber which was flying from east to west was hit when above Fernis, near Rotterdam, by fire from a Netherlands fighter plane.

The communique confirms that one of the crew was killed after jumping from the plane and that the plane was burnt out. The survivors have been interned.

ONE MISSING

LONDON, Mar. 28 (Reuter)—The Air Ministry stated that one of a flight of Blenheim bombers, intercepted by German chaser planes while on reconnaissance over Heligoland Bight yesterday is missing.

LONDON HARBOUR DUES INCREASE

Special To H.K. Daily Press LONDON, Mar. 28 (Havas)—The London Harbour dues will be increased from April 1.

POSSIBILITY OF NAZI RAIDERS APPEARING IN FAR EAST CANNOT BE TREATED LIGHTLY

SINGAPORE, Mar. 28 (Reuter)—Demagnetisation of merchant ships is being carried out in Singapore and several ships have already left with non-magnetic girdles, stated Rear-Admiral T. B. Drew, O.B.E., addressing the Rotary Club.

Several merchant ships have been requisitioned in Singapore and many have been defensively armed, he said, and added that the possibility of German raiders and submarines appearing in the Far East could not be treated lightly.

He stated that there was no reason to suppose that the Germans could adopt the policy that Britain adopted in the last war when submarines built in Canada were transported to England for assembling.

MANSON FAVOURED TO WIN MARATHON THIS AFTERNOON

18 Starters Including One Entry From Police

THE NINETEENTH ANNUAL KOWLOON MARATHON RACE, over a distance of about 6½ miles, will be run this evening, the start being from outside St. Andrew's Church, Nathan Road, at 5 p.m. sharp.

The race is open to members of St. Andrew's Club and all Europeans of the Colony. There will be only 18 starters today, and the Royal Navy, who gained first and third place last year, will not be represented.

There were originally 33 entries for the race, but the Middlesex Regiment entry of 15 runners was withdrawn yesterday, owing to the men being required for military duties.

Favourite for the race this evening will be Pte. Manson, of the Royal Scots, who was second to Stoker C. Brown, of H.M.S. Grampus, last year. Brown won in 34 mins. 54 secs. Manson has not been in as good form this year as he was last season, but the withdrawal of the strong Middlesex Regiment entry leaves him no serious challenger other than Cpl. Sutherland, also of the Royal Scots.

MANSON'S SUCCESSES
In addition to his second place in the Marathon last year, Manson won the Open 10,000 metres at the China Amateur Athletic Federation (H.K. Association) Annual Sports last autumn, and has won the Open 800 Yards at the University Sports two years in succession, winning in 1939, in 2 minutes 9 seconds after a close race with D. S. Blake.

The Marathon course is along Nathan Road towards Yaumatei, turning into Waterloo Road up to the Prince Edward Road intersection, and along Prince Edward Road towards Kowloon City, turning into Tam Kung Road up to

the Kowloon Docks, and by Bulkeley Road, Chatham Road, Salisbury Road and Nathan Road to the finish at St. Andrew's Church.

POLICE ENTRY

For the first time in several years, there is a civilian entry this year, N. Reynolds, of the Police Training School.

The complete list of runners in this evening's race follows:
Cpl. Sutherland, L/Cpl. Massie, L/Cpl. Edge, Pte. Manson, Pte. Fowler 96, Pte. Parnaby, Pte. Corrigan, Pte. Wylie, L/Cpl. Wilson (2nd En.), The Royal Scots, L/Cpl. Truscott, Sig. Lewis, Sig. Lithauer, Sig. Hutchinson, Pte. Bryant (Royal Corps of Signals), Spr. Middleton (Royal Engineers), L.A.C. Brown, L.A.C. Moulton (Royal Air Force) and N. Reynolds (Police Training School).

Following the race, the prizes will be given away in St. Andrew's Church Hall by Mrs. Higgs, wife of the Rev. J. R. Higgs, Vicar. The three silver cups for first, second and third place have been presented by Sir Vandevelde Grayburn, Mr. Ezra Abraham and Mr. F. C. Hall.

The starter will be Mr. V. R. J. Merrett, and the Judges Dr. Kirby, Mr. G. M. D. H. Utley, the Rev. J. R. Higgs, Messrs. A. C. Jeffreys, E. F. Fincher, H. Kew and R. H. Wong, Esq.

SUCCESSFUL YEAR FOR H.K.L.T.A.

LOSS OF \$200 ON INTERPORT

A successful year was recorded at the annual meeting of the Hongkong Lawn Tennis Association held in the Registrar's Office, Supreme Court, yesterday. Mr. Justice R. E. Lindell, President, was in the Chair.

Addressing the meeting, Mr. Justice Lindell said:—The Association has had a successful, if somewhat uneventful, year.

Our congratulations again due to the Chinese R. C. on their brilliant success in the "A" "C" and Mixed Doubles divisions and also their section of "D" division, while in the "B" division they were beaten only by the S. C. A. A. This is a proud record. I much regret that in the report we failed to make mention of the success of the Kowloon Tong G. C. A. in this section of "D" division.

TSUI BROTHERS
In the men's events, which was as usual admirably managed by the H.K.C.C., the Tsui brothers remained supreme and that supremacy does not look like being challenged, at any rate, this year.

In each of the events in which the ladies were concerned the successful "come back" of Mrs. Enid Lo Litton was most noteworthy.
As regards visiting teams, we were very glad to be able to entertain the Philippine Island Davis Cup team, Messrs. Sanchez and Ampon, in May and to note their subsequent progress, especially that of Mr. Ampon, in tournaments in the United States.

THAILAND VISITORS.
The visit of the Thailand good-will team was unfortunately marred by what amounted to a virtual boycott of our visitors by most of the Chinese community. I cannot but deplore the attitude that was adopted on what were, in my opinion, quite insufficient grounds, and desire publicly to thank the Rumjahn cousins and our other players, who made the staging of the Interport contest possible.

Turning to the accounts you will see that our expenditure exceeded our income by \$259 due to our loss of just over \$200 in connexion with the Thailand Interport.

It was decided that the League season would commence on Tuesday, May 14, while entries would be closed on Monday, April 16.

LEAGUE PROPOSAL
During discussion, Mr. J. J. Ferguson proposed that members who were not residents of Hongkong, should not be permitted to participate in the League Games.

He pointed out that last year, visitors had been invited to play for a club in League matches.
The proposal was carried by a majority, and a rule will be drawn up against players participating who have not been residents in Hongkong for at least three months, or who do not intend to reside here for that period.

NEW OFFICERS
Officers elected for the current year were as follows:—President—H. B. Hancock; Vice-President—M. W. Lo; Hon. Secretary—T. A. Pearce; Hon. Treasurer—E. Abraham; Executive Committee—E. de Souza, A. el Arouli, T. F. Lo and Capt. C. H. R. Hyde (representing Army). Interport Selection Committee—A. E. P. Guest, M. W. Lo, H. K. Lo, H. A. Barros and Capt. C. H. R. Hyde.

BADMINTON RESULTS
Colony championship badminton matches played last night resulted as follows:—
MIXED DOUBLES
Playing at King's College, K. L. Yong and Miss Ulan Khoo beat J. Clark and Mrs. Beattie, 15-10, 15-9.

At Club de Recreio, P. H. Wong and Miss W. Cheung beat H. Eardley and Miss Declina Eardley, 15-5, 15-12.
MEN'S JUNIOR SINGLES
At Club de Recreio, N. L. Smith beat T. S. Young 15-12, 15-5.

COLONY TENNIS DOUBLES

CHINESE PAIRS' SUCCESSES

Two matches in the Colony Open Doubles tennis championship were decided at the Hongkong C.C. yesterday evening.

SECOND ROUND

Wong Fook-nam and Lam Kwan entered the second round at the expense of I. and B. Agafuroff, of the Civil Service C.C., winning by scores of 6-4, 6-3 in an interesting match.

Another Chinese pair, Pang O-lam and Leung Ping-chiu gained the right of meeting the Rumjahn cousins in the third round when they disposed of J. L. C. Pearce and D. I. Bosanquet after 16 games, the result being 6-2, 6-2.

Capt. C. H. R. Hyde and J. J. Ferguson were given a "walk-over" from Kwok Hing-chung and Lu Kwai-fan and will now meet E. C. Fletcher and W. C. Hung in the second round.

CLUB MATCHES

In the Handicap Doubles, Suri. La-Cdr. C. B. Nicholson and Suri. Capt. G. V. Hobbs (—2/6) defeated P. Macleod and E. S. Hall (plus 1/6) 8-0, 6-0.

In the Mixed Doubles Handicap, P. Winter-Blyth and Miss B. Fair (scr.) lost to Lt. J. S. Theobald and Mrs. Churchill (—15/2) by scores of 2-5, 1-6.

ALL-MILITARY JUNIOR SOCCER SHIELD FINAL

There will be an all-military final in the Junior Football Shield at Caroline Hill on Saturday when the Royal Engineers, winners in 1935, 1936 and 1937, will meet the 30th Battery R.A. Yesterday, on the Club ground, in a replay, the Sappers defeated South China by four goals to three. The score at half-time was 1-1.

In their first meeting, the teams drew 2-2.
It will be recalled that on Easter Monday, 30th R.A. defeated the Police, also in a replay, by three goals to nil, on the Soekunpoo ground.

C.C.C. TEAM FOR TOMORROW

The following will represent the Craigengower Cricket Club 2nd XI in a league match against Civil Service Cricket Club tomorrow on the latter's ground:—

B. R. Iranees (Capt.), N. Broadbridge, A. H. Esmail, A. B. Hamson, A. Hung, C. W. Lam, J. W. Leonard, T. Lock, U. M. Omar, W. K. Way and J. L. Young Saye. Scorer—W. Broadbridge.

REFEREES ASSN. MEETINGS

The Entertainment Committee Meeting of the H.K. Football Referees Association will be held at the Hotel Cecil on Tuesday, April 2, at 8.30 p.m. This will be followed by the Monthly Meeting at 8 p.m. and a Committee Meeting at 9.30 p.m.

NOMADS' TEAM FOR SATURDAY

The following will represent the Nomads Hockey Club in a friendly hockey fixture with the Y.M.C.A. tomorrow, on the Club ground, bully-off 4.15 p.m.

F. Soares; R. Xavier; H. Soares; L. Souza, R. J. Reed, H. Gubray; R. M. da Silva, J. H. Franco, S. A. Reed, P. Rull, B. Xavier.

EASTER GOLF RESULTS

The following are the results in the Mixed Bogey Par (Parling New Course) played during the Easter holidays:
H. and Mrs. Overy 18+25
Surg. Comdr and Mrs. Nicholson 8+38
Lt. Comdr and Mrs. Rose 9+22
All tied at 1 down.
The first named, win the competition as they had the best score over the last nine holes.

CHESS TITLE

In the Colony Chess Championship played yesterday Sir Henry Pollock beat K.M.A. Barnett and D. E. da Carvalho beat L. Blair.

SEAFORTH'S SHOOTING SUCCESS

AT H.K.R.A. MEET: SGT. BAKER WINS 1ST. & 2ND. PRIZES

Falling Plate Final Won By Royal Marines

The second day of the local Bisley and Services Rifle Meeting was favoured by brilliant sunshine, though many of the competitors in the rifle events thought the cross-wind tricky particularly on "B" Range.

Some of the more experienced shots, however, found conditions very much to their liking for in the Deliberate Competition, fired with the ordinary Service rifle, Cpl. Langford, of the Middlesex Regiment, scored a possible while Sgt. Sargent, of the H.K. Police, was only one behind.

Another successful competitor was Sgt. Baker, also of the Middlesex Regiment, who, not content with winning first place in the Sweepstakes at 300 yards, took the second prize in his stride.

A large crowd of interested spectators gathered for the final stages of the Falling Plate Competition among whom was Brigadier J. T. Wentworth-Reeve, of Hongkong Infantry Brigade. The semi-final in this match produced a very close fight between the Seaforth Highlanders and the Rajputana Rifles "B" team, both of whom knocked down four plates in the time allowed.

The Seaforths, however, fired three rounds more than their opponents and so were counted out. The Royal Marines, of H.M.S. Tamar, beat the Rajputana Rifles in the final mainly because they were more steady.

SEAFORTHS DO WELL

The Seaforth Highlanders showed up very well in the Service Rifle Competition for, out of their four entries, no less than three have qualified to shoot off in the final stage for the S.R. (a) Championship which will be fired on Monday, April 1. As only 23 competitors will fire in this stage, the performance of the Seaforths is considered to be exceptionally good. Heading the list of the final 23 is R.S.M. Maslen, of the Royal Engineers, who stands a very good chance of repeating his success of last year, by again winning the Championship.

The Platoon Match, which was fired in the afternoon, produced very keen competition and some really excellent scores were recorded. The Royal Marines team from H.M.S. Tamar, with a score of 307, added another win to their successes of the day and were closely followed by two teams of the Royal Scots, with scores of 299 and 294, respectively.

Today will see the commencement of the Bisley Meeting proper and practice commences at 8.30 a.m. with the Blackdown, Camberley and Bagshot competitions in that order. The afternoon will be devoted to the Company Match while the Individual Championship will take place on the Revolver Range.

THE RESULTS

Detailed results of yesterday's shooting were as follows:—
300 Yards Sweepstakes
1st and 2nd—Sgt. T. Baker, 1/Middlesex Regiment.
Result of Falling Plate Match
1st.—H.M.S. Tamar.

Latest U.S. Planes Now Available For Export

New Foreign Sales Policy Sanctioned By Committee

WASHINGTON, March 28 (Reuter).—The Secretary for War, Mr. H. H. Woodring, testified before the House of Representatives' Military Committee that the Government's new policy, permitting the export of the latest American planes, was designed to keep the United States Air Force constantly supplied with modern equipment.

Military secrets would not be disclosed nor would the United States' air expansion be delayed. Mr. Woodring said that the U.S. War Department possessed possibly six types of planes superior to any other in the world.

"NO COERCION"
The War Department, he continued, was adjusting the foreign sales policy in various ways, including the stipulation that designs owned by the Department, or by manufacturers over whom the Department had control, would not be released for manufacture or detailed assembly abroad. Mr. Woodring added that he had worked out this policy "without coercion or pressure from anybody."

High Army officials testified that the present expansion in production facilities indicated that the United States would be able to manufacture between 30,000 and 40,000 planes yearly by the end of 1940.

TO EXPEDITE ORDERS
The Committee then gave indirect approval to the Government's foreign sales policy. Later several plane manufacturers met Government officials to work out plans for expediting foreign orders.

HUNDREDS READY FOR IMMEDIATE USE
WASHINGTON, Mar. 28 (Reuter).—Several hundred reserve planes, now being built for the United States Army, are expected to be sold for immediate delivery to the Allies.

LONDON, March 28 (Reuter).—Lord and Lady Willington, who represented the British Government at the New Zealand Centennial Celebrations, returned home by air on Tuesday.

NAZI "HELL SHIP" LEAVE DANISH ISLAND

COPENHAGEN, Mar. 28 (Reuter).—The Nazi "Hell Ship," Altmark, of H.M.S. Cosack rescue fame, was reported on Tuesday to have left the Danish island of Langeland, which is about 50 miles from Kiel.

Greater Efficiency & Solidarity

BRAZILIAN PAPER FAVOURS LABOUR LEADERS IN THE CABINET

LONDON, March 28 (Reuter).—The Rio de Janeiro paper, Journal do Brasil, examining the possibility of the reconstruction of the British Cabinet, says that the inclusion of the Labour leaders would create a greater efficiency and solidarity.

FRENCH CABINET
The Journal de Commerce appreciates the remodelled French Cabinet as the source of greater strength.

The Journal suggests a possible connection between the decision of the United States to sell 600 Army planes to the Allies and the failure of the mission undertaken lately by Mr. Sumner Welles.

DENMARK CONDEMNS GERMANY'S

BRITAIN WILL NOT RECOGNISE WANG REGIME

LONDON, Mar. 28 (Reuter).—Reuter's diplomatic correspondent learns that, although it is inevitable that some foreign business interests will, of necessity, have to work in with the new "Government" in China under Wang Chingwei, so far as the British authorities are concerned, it is understood that their attitude will be one of complete non-recognition.

WORLD PAYS TRIBUTE

HIGH FUNERAL FOR MR. SAVAGE

LONDON, March 28 (Reuter).—A high funeral for Mr. M. J. Savage, late Premier of New Zealand, will be held on Sunday.

DEEP REGRET
The news of his death has been received everywhere with deep regret and messages of condolence have been sent from all parts of the English speaking world, including one from Gen. Smuts, Prime Minister of South Africa.

In a leading article, the Daily Telegraph expresses its regrets that the late Mr. Savage will not be able to play his part in the Imperial discussions, which must come in the future, as he might have had a great part to play.

GREAT LEADER
The papers continue that the late Premier had already forged the spearhead of New Zealand's effort and determined her policy in one of the most decisive hours for her future, and also that of Europe.

Commenting on the late Mr. Savage's reform work, the Manchester Guardian says that he had led a Dominion which, in many ways, was too conservative to take steps in social reform, and has set an example for the democracies. His name will have its place among those of the most sincere social reformers that the British democracies have produced.

PREMIER'S TRIBUTE

LONDON, Mar. 28 (BWS).—The profound regret with which news of the death of Mr. M. J. Savage, Prime Minister of New Zealand, has been received here is reflected in a message sent by Mr. Neville Chamberlain to the Deputy Prime Minister, Mr. Fraser.

Mr. Chamberlain says that in Mr. Savage New Zealand has lost a leader whose selfless devotion to his cause and progress was an inspiration and an example. We, in this country, had unhappily little opportunity of knowing personally one whose life was spent in a distant Dominion, but those of us who met him when he visited England in 1937 recognized in him a statesman of wise counsel, whose sincerity could never be doubted. In the difficult times through which the world has since been passing, we knew Mr. Savage had always at heart the ideals and principle for which the British Commonwealth stands. His death will be mourned not only in New Zealand but throughout the Empire.

OVERSEAS CHINESE RELIEF GROUP

CHUNGKING, Mar. 28 (Central).—Interviewed by press representatives, Mr. Tan Kah-kee, prominent Chinese industrial magnate in Singapore and Chairman of the Overseas Chinese Relief General Association of the South Seas, who arrived here from Bangkok by plane yesterday afternoon, said a relief group of fifty overseas Chinese is on its way to China and is expected to arrive in Chungking towards the beginning of next month.

Apart from inspecting the reconstruction work in the wartime capital, the group will visit the front lines and distribute comforts to the fighters. Mr. Tan emphasised the unswerving support of the overseas Chinese to the National Government. All the 11,000,000 Chinese people abroad, he said, are patriotic sons and daughters of their Fatherland and are confident in the final prevalence of China's just cause.

Aside from the comfort things the group is bringing, Mr. Tan revealed, Chinese people in the Dutch East Indies have purchased 300,000 guilders worth of quinine while those in Malaya have also bought a valuable lot of medicine for pressing needs in China.

WANTON ATTACKS ON NEUTRAL SHIPS

Seven Danish Vessels Lost In Eight Days

COPENHAGEN, Mar. 28 (Reuter).—On Tuesday night, in the Danish Parliament, every member rose when the Prime Minister expressed the nation's grief at the destruction of seven Danish ships in the past eight days, with the loss of 80 lives, by Nazi submarines and mines.

He condemned Germany's actions against neutrals and her refusal to respect their right to carry on trade, which was essential for their existence.

As a result of the Nazi sea warfare, Danish exports have fallen and prices for imported goods have risen so that the Government will now have to impose heavy new taxes.

DUTCH FISHERMEN INTIMIDATED

AMSTERDAM, Mar. 28 (Reuter).—The crews of ten Netherlands trawlers refused yesterday to put to sea. Great alarm has been caused by the story told by the captains of two trawlers who reached their home port on Tuesday.

They were stopped by a German warship, they report, and were taken to the naval base of Borkum, where their ships' papers and their passports were examined. They were then released and told not to fish east of 4 degrees East Longitude. This means that they cannot fish in Dutch home waters as the line runs almost along their own whole Dutch coast, from 15 to 50 miles out.

DUTCH VESSEL

AMSTERDAM, Mar. 28 (Reuter).—A Netherlands ship is believed to have been lost as a result of Nazi sea warfare. She is the 400-ton coastal ship Saba, of which nothing has been heard for a week. She had a crew of seven. The Saba reported that she was being attacked by a German plane in the North Sea three weeks ago and that she had been damaged. It is presumed that the damage rendered her unseaworthy and that she sank while trying to get home.

NORWEGIAN VICTIM

LONDON, Mar. 28 (Reuter).—Forty-two survivors, including three women and two children, from the Norwegian steamer Cometa (3,794 tons) were landed at a Scottish port after their ship had been sunk.

RECALL OF SOVIET ENVOY TO FRANCE

MOSCOW, Mar. 28 (Reuter).—As the French objection to M. Souritz, the Soviet Ambassador, was of a personal character, it is understood that the incident has been settled by his recall. The U.S.S.R. will now have to decide whether to appoint a new Ambassador or leave the Embassy to the Charge d'Affaires.

CABLE NEWS IN BRIEF

LONDON, March 28 (Reuter).—The Postmaster General has given notice that all correspondence to persons who are members of crews on board all ships, except those under charter to the Government, must be addressed care of the owner or agents, and not care of the General Post Office.

LONDON, March 28 (Reuter).—The Royal Albert Hall will be reopened, but will have to conform with police regulations, in that accommodation will be limited to 5,000 persons and not 7,500 as hitherto.

SHANGHAI, Mar. 28 (Havas).—Nearly four million copies of scriptures were distributed last year by the China Bible House, formerly known as the British and Foreign Bible Society, and the American Bible Society. This fact was revealed in the annual report of the Rev. W. H. Hudspeth, before the Shanghai Auxiliary branch of the Society.

LONDON, Mar. 28 (Havas).—A large number of troops are being trained at present in North and South Rhodesia and will soon be sent to the French front and Near East, it was officially revealed here.

TELEPHONE AMENDMENT BILL READ FIRST TIME

Big Saving For Govt. To Follow Change - Over

Tribute To Ability And Tact Of Mr. J. H. Taggart

The first reading of the Telephone Amendment Bill, 1940 the main features of which are that an additional royalty of half of the surplus profits of the Hongkong Telephone Co., Ltd. over and above the amount required to pay a 12 per cent. dividend shall be payable to the Government, and that Government shall be provided free of charge with a service up to 500 lines, took place at yesterday's meeting of the Legislative Council, at which His Excellency the Governor, Sir Geoffrey Northcote, presided.

Rising to move the first reading of the Bill, the Financial Secretary, the Hon. Mr. H. R. Butters, said:—

UNSATISFACTORY FRANCHISE

The Taxation Committee which you, Sir, appointed in 1938 "to consider and report what methods of taxation could best be adopted in the Colony, should it be necessary to raise additional revenue, having regard to the Colony's general economic position and the importance of distributing any additional burden in the most equitable manner in relation to the incidence of existing taxation" among its minor recommendations under the heading Utility Companies, stated, in connection with the Telephone Company, "We are informed that the present franchise of this Company is unsatisfactory in various ways both to the Company and to Government and we recommend that the possibility of revision in such a manner as to secure higher royalties for Government, while removing the features which are at present objectionable to the Company, should be investigated in collaboration with the Company."

Before the Telephone Ordinance No. 9 of 1925, which it is now proposed further to amend, was introduced into this Council, a Resolution moved by the then Colonial Secretary, Sir Claude Severn, was passed.

That Resolution described the negotiations which led up to the determination under the Ordinance of the franchise to operate telephone which had been granted in 1905 by the Government to the China and Japan Telephone and Electric Company, Limited and the creation of its successor, the present Hongkong Telephone Company.

DOLLAR BASIS DESIRED

The main objects of Government in 1925 were to secure that the Company should in future be domiciled in Hongkong and work on a dollar basis and to provide an improved telephone service in the Colony. The first object was realised by requirements in respect of the registration and articles of the Company and the number and residence of its directors. They must all be bona fide residents in Hongkong. The present Bill merely increases their number.

OBJECT ACHIEVED

There can be no doubt, I think, that the second object also has been achieved and that the achievement is due to the efficiency of this Hongkong Company working within the scheme of an Ordinance which places the ultimate control of its activities in the hands of the Governor-in-Council and of this Council.

In framing an Ordinance governing a public utility company the interests of three parties have to be considered, though in a final analysis these may be reduced to two: the public generally, and that part of the public which subscribes for the services rendered by the Company, and the shareholders of the Company. The 1925 Ordinance, therefore, in addition to making provision for a royalty, controlled both dividends and subscription rates.

PAYMENT TO GOVERNMENT

The net profits of the Company were dealt with in the resolution as follows:—

They were to be used:—
Firstly, in payment to Government, as the representative of the public, of a royalty of \$4 in respect of each direct exchange line telephone;

Secondly, in payment to the shareholders of the Company of a minimum dividend of 8 per cent. per annum rising to 12 per cent. per annum;

Thirdly, in the event of the net profits exceeding 12 per cent. per annum then as to the difference between 12 per cent. and 18 per

cent. half thereof was to be distributed in further dividends and the remaining half employed in the reduction of the subscription rates; the dividend payable to shareholders being limited to a maximum rate of 15 per cent.

Any additional surplus was to be used solely for the reduction of subscription rates.

A "HIGH" DOLLAR

Effect was given to these proposals by the Telephone Ordinance, 1925. According to the schedule of that Ordinance the annual rate to be paid by subscribers per exchange line within Victoria, Kowloon and the Peak district was \$108, subject to revision upwards if the rate was found to be insufficient to make provision for an efficient service and for the payment of the minimum dividend of 8 per cent. per annum. In this connection it will be remembered that the dollar in 1925 was the equivalent of 2/4d.

In 1930 the annual rate was increased, with the approval of this Council to \$117 per exchange line, at which figure it has remained. With the flat rate basis, by which subscribers in Hongkong may have unlimited calls for the standard rate of subscription, it is difficult to make accurate comparison; yet it may safely be said that the Hongkong telephone subscription rate compares favourably with the lowest to be found elsewhere and that the modern service provided is of a high standard notwithstanding the exacting climatic conditions. The interests of the subscriber have, therefore, been well served.

GOOD GUIDANCE

I would remark in passing that the Telephone Committee, 1922, appointed to report on the telephone service in Hongkong recommended an annual rate of \$120 for the year 1926 under the Old manual system and expected that the cost of a modernised system would necessitate a further substantial increase in that figure. That the charges had been kept down to the present rate has been due to a combination of two factors: the good fortune and the good guidance of the Hongkong Telephone Company.

KEEN FORESIGHT

The Company was fortunate in that its equipment was purchased during a period of keen competition among manufacturers at about one-third of what it would cost to-day, and it has shown its foresight in providing a large margin of plant for future growth at the favourable prices which then prevailed. The Company has been run economically and the premium at which its shares were issued was utilised to write off old plant, while no bonus shares have been issued at any time.

As the Taxation Committee remarked, however, there are certain features in the Ordinance under which the Company functions which are not satisfactory to the Company; for instance, it is argued that the absolute limit of 15 per cent. dividend is inequitable because the high rate of profits is due largely to the efficiency of the Company, and to the Canton line which was not in existence when the original arrangement was made. An absolute maximum gives the Company no incentive to earn further profits by greater efficiency and economy after that point has been reached.

Moreover, the present system of contributing to a reserve fund for the redemption of the Company's capital is not entirely satisfactory. A fixed sum of \$170,488 is put aside yearly, which is sufficient to amortise the whole capital by 1975.

But interest on investments of that fund goes into general profit and loss account, while there is no provision for dealing with depreciation of these investments.

BEAUTIFUL OPERAETTA AT FRENCH CONVENT

BETTY MANSELL
EXCELS

A captivated audience saw "Snow White and the Seven Dwarfs," a beautiful juvenile operaetta in four acts, staged in the aid of charity at the French Convent Hall, Causeway Bay, by the girl students of the school, yesterday afternoon.

Two youngsters stole the show at the performance yesterday. "Sneezy" convulsed the audience with laughter, while eight-year-old Betty Mansell won warm applause when she sang an amusing song, "Umbrella Man," accompanied by Mrs. Mansell at the piano.

"Snow White and the Seven Dwarfs" was an undoubted success, coupled with melodious singing throughout.

"HEI HO."

One of the endearing scenes was when the seven dwarfs came in singing "Hei Ho!" and discovered Snow White stretched in sleep over seven neat little white beds. In a row with their respective owners' names all marked.

Contributing to the success of the programme between intervals was a recitation of "The Little Lord Jesus" by Morris Ward, and Rena Keown's singing of "Mary of Argyle." Miss Cecilia Passos rendered, at the piano, two pleasing pieces, "Emile" Waldesutzel's "Española" and "La Gitana" (Carl Heins).

"Snow White and the Seven Dwarfs" is to be repeated today at 5.30 p.m. at the Convent; the cast, of which is as follows:—

Princess Snow White, Margaret Choa; Freda Stephens; Queen, Lina Luongo; Paula Hollands; Arbutus, Vilma Coelho; Daffodil, Mary Swaine; Violet, Olga Noronha; Prince, Jacqueline Anderson; Carl the Huntsman, Jamalee Currem; Seven Dwarfs, Class 7A: Kindergarten Boys: Grumpy, Hil-da Stevens; Happy, Doreen Chiu; Forest Children, Class 8; Full Chorus, Junior Classes.

FORMER BROKER ON TRIAL AT SESSIONS

The trial of Kwok Shin-chan, broker, formerly of the China Import and Export Co., on four counts of receiving 153 reals of newspaper knowing that the paper was stolen, opened at the Criminal Sessions yesterday before the Chief Justice, Sir Atholl MacGregor, and, after a whole day's hearing, was adjourned till 10 a.m. today.

The defendant, giving evidence, said that when he was employed on the Ta Kung Pao he used to order about 2,000 lbs of paper for them every month through Hsu Kuo-chen who was empowered to sign for the paper. Hsu was held in high regard by his employers.

RECEIVED COMMISSION

Kwok denied any part in the sale of the paper to the Wing yuen Company. He received commission on sales.

The Hon. Mr. Leo d'Almada, Jr., instructed by Mr. Peter H. Shu, appeared for the prosecution, while accused was represented by Mr. H. C. Macnamara, instructed by Mr. M. A. da Silva.

The jury comprised Messrs. P. K. Pavri (foreman), B. J. Tavares, V. T. Low, Leung Tan-kwong, Yee Ting-sheung Chan Chau-ke and M. A. Xavier.

Mr. d'Almada said that the Ta Kung-pao, owners of the paper, purchased large quantities of paper which was stored in the godowns at Holt's Wharf. Delivery orders were made out when paper was required. The firm employed a man, Hsu who attended to English correspondence and to the issue of delivery orders, and who had now absconded.

When the Ta Kung Pao entered into the contract with the China Import and Export Co., the market price for newspaper was something like seven or eight cents per pound. Shortly before the outbreak of war, the price increased to 11 cents and in December it was 14 cents per pound.

In the Police Court Kwok made a statement to the effect that it was Hsu who actually bought the newspaper, and not the Ta Kung Pao.

St. George's Day Show On April 19

GALA PERFORMANCE AT THE KING'S

St. George's Day will be observed with a gala performance of Warner Brothers' film "Elizabeth and Essex," starring Bette Davis and Errol Flynn, to be given at the King's Theatre on Friday, April 19, at 9.30 p.m. when there will also be a Military band in attendance. The function is being organised in conjunction with the Entertainment Committee of the British War Organisation Fund.

ANNUAL MEETING

This decision was announced at the annual meeting of the Society of St. George, Hongkong, held in the Board Room of the Hongkong Jockey Club yesterday afternoon, with Mr. H. V. Wilkinson, D.S.O., Vice-President, in the Chair in the absence of Mr. J. K. Bousfield, President. Mr. Wilkinson was a former President of the Society of St. George in Shanghai.

Proposing the adoption of the report and statement of accounts for the year ended 31, 1939, Mr. Wilkinson said, in part:—

The general funds show a reduction of \$33.85 when compared with the previous year; this, however, represents a considerable improvement over 1938, where expenditure exceeded income by \$678.83.

Income has remained practically unaltered but expenditure under the head of Grants and Donations shows a considerable saving compared with 1938. I should like to express my appreciation of the assistance and co-operation which we have received from the Hongkong Benevolent Society, the British Legion and the Police in connection with our charitable work. Members will no doubt be interested to hear that three of the persons assisted have since obtained employment in the Colony and, in one case, the assistance was refunded.

NO APPEAL

No appeal has been made this year for donations to assist in our charitable work, but I hope that members will continue to contribute, as they have done in the past, by sending along at least \$5 instead of \$3, which is the amount of the annual subscription.

The 1939 Ball resulted in a profit of \$224; no Ball has been held since the outbreak of war.

Our membership, although showing a slight increase over the previous year, does not grow as I should like to see it. I realise that members receive nothing in return for their subscriptions except the satisfaction of knowing that they may have helped some Englishman to make the grade, as that is how the major portion of our income is spent each year. I hope that members will do all they can to make the present year a record for new members.

The adoption was seconded by Lt. Col. E. J. Mitchell and carried unanimously.

NEW PRESIDENT

On the proposal of Mr. H. R. B. Hancock, seconded by Mr. R. A. Camidge, Mr. H. V. Wilkinson was elected President.

Mr. L. C. F. Bellamy, M.C., was elected Vice-President on the proposition of Mr. W. B. Wilkinson, seconded by Lt. Col. E. J. Mitchell.

The following were elected to the Committee, on the proposal of Mr. R. P. Phillips, seconded by Mr. T. C. Fairburn: Messrs. C. B. Brown, R. A. Camidge, P. S. Cassidy, W. A. Cornell, J. D. Danby, F. C. Hall, V. C. Labrum,

G. Miskin, C. C. Roberts, G. G. N. Tinson, M. C. Very Rev. J. L. Wilson and Mr. G. G. Wood.

Messrs. Linstead & Davis were re-elected Secretaries and Treasurers at a fee of \$20 per annum, on the proposal of Mr. E. Cock, seconded by Mr. W. A. Cornell.

THOSE PRESENT

Present at the meeting were:—Mr. H. V. Wilkinson, D.S.O., in the Chair; Mr. H. R. B. Hancock, Mr. T. E. Pearce, Mr. E. D. Cock, M.B.E., and Lt. Col. H. B. L. Dowbiggin, O.B.E. (Past President); Messrs. L. C. F. Bellamy, M.C., R. A. Camidge, P. S. Cassidy, W. A. Cornell, J. D. Danby, G. Miskin (Committee) and Lt. Col. E. J. Mitchell, O.B.E., Messrs. R. P. Phillips, T. C. Fairburn, J. H. A. Hance and A. Sommerfeld (representing Messrs. Linstead & Davis).

COLONY'S PRISONS ARE TAXED TO LIMIT: ROOM FOR OVER 1,000 NEEDED

Employment of first offenders, serving short terms of sentences, on construction of Hongkong defence works is one of the phases of the reorganisation of conditions in local prisons which are mentioned in the annual report of the Prisons Department for the year 1939, tabled in Legislative Council yesterday.

The reorganisation, envisaged in last year's report, proceeded steadily and smoothly up to the outbreak of war, says the report.

PRISON DIVIDED

The segregation of Chinese first offenders from previous offenders was completed in July by the division of the prison into two sections. Except in the hospital no contact is now possible between sections.

Within each section prisoners are classified into long term and short term prisoners, and each class wears distinctive clothing.

All work outside the prison is done by short term first offenders, save on occasion they have been sent several miles in lorries for labour on defence works.

NEW INDUSTRY

Long term first offenders are employed in the kitchen, laundry, tailor shop and in the mabtan, shoemaking and leather working industries.

Previous offenders are employed in the printing shop and in the carpentering, tinsmithing and coil industries. A new industry is being started in this section early in 1940: concrete block making. Two machines for this purpose have been ordered and are now on their way from England.

Each section carries out its own domestic duties with the exception of the cooking and preparation of meals which is done for the whole prison by long term first offenders.

EXPERIMENT SUCCESSFUL

Says Major J. L. Willocks, Commissioner of Prisons: "From my own observations and from reports from senior subordinate officers there is no

THE IMPORTANCE
OF TIN

TIN IS ONE OF THE MOST
important products of
this part of the world, the
mainstay of the prosperity of
Malaya and the richest single
item of the mineral wealth
of Southwest China. With its
commercial position, the for-
tunes of Malaya, and, to a
significant extent, of China's
wartime foreign trade, are
indissolubly linked.

AS A STRATEGIC MAT-
TERIAL, tin has come into
much greater demand since
the outbreak of war. Early
in November, all international
production restrictions
were removed, and the quota
was raised to 100 per cent.
It is certain that, with the
passage of the months, many
new mines will be opened,
workings previously consid-
ered to be unprofitable will be
exploited, and the industry
will enter a period of great
prosperity—the prosperity, in
many cases, of the armament
maker and war profiteer.

WITHIN THE BRITISH
EMPIRE, tin will find many
new uses and recover some
old ones, in which it had
previously been superseded
by other metals—metals
which will now be devoted to
more urgent needs. For in-
stant, tinned iron is likely to
come once more to the fore
in the manufacture of mil-
itary equipment that requires
a cheap, non-corrosive, and
plentiful metal. A recent
survey indicated that, should
this equipment be made of
stainless steel, 15 per cent of
the raw materials for it would
have to be imported, if of
brass, copper, or nickel, an
average of 10 to 25 per cent,
if of tinned iron—only two
per cent. In many ordinary
uses, such as canteens, cook-
ing vessels, etc., the metal
will replace its most formid-
able rival in these fields—
aluminium, because alumin-
um is needed for planes.

THE STRATEGIC IMPOR-
TANCE of tin is seen from
the fact that the Special
Sub-Committee on Foreign
Affairs of the American
House of Representatives re-
cently devoted a section of its
report to the possible serious
effect of the shortage of this
metal in the United States,
where it is not domestically
produced. The report point-
ed out that "tin is essential
in the manufacture of cer-
tain munitions and certain
ordnance" and listed among
its uses by the army, machine-
guns, pistols, rifles, gun-
mounts and carriages, mil-
itary vehicles, fuse-setters for
bombs and shells, helmets,
range-finders, cameras, etc.
The navy also requires it, be-
sides the uses mentioned
above, for engines, propeller

GOVERNOR PAYS TRIBUTE
TO WORK OF POLICEAnnual Inspection And
Presentation Of Medals

"Officers and men, I congratulate you very warmly on your re-
cord for the year. Not one, but now two, wars are making heavy
additional claims upon your discipline but those claims are being
splendidly met."

These remarks were made by His Excellency the Governor, Sir
Geoffrey Northcote, when he inspected the Hongkong Police Force
yesterday and presented medals and awards.

The parade was under the com-
mand of Mr. L. H. C. Calhoun,
Superintendent of Police.

There was a large gathering
present including Hon. Mr. N. L.
Smith, Hon. Sir Robert Kotewall,
Hon. Mr. R. A. C. North, Hon. Mr.
M. K. Lo, Mr. W. N. Thomas, Mr.
Mr. Ho Kam-tong and Mr. M. P.
Talati.

GOVERNOR'S SPEECH

H. E. the Governor said:—
It must be with very great
gratification that you have wit-
nessed at this year's parade so
great a number of your comrades
receiving either medals or com-
mendations for good services ren-
dered by them. Certainly it sent
a glow of pride through me as
I had the privilege and pleasure
of meeting and speaking to each
of those who figure on the list
of distinctions.

In the Police Force we have
been awarded one King's Police
Medal for conspicuous bravery,
seven Colonial Police Medals for
conspicuous gallantry, seventeen
special commendations for cour-
age and devotion to duty and
bars thereto: the District Watch
has earned no less than eight
medals for faithful service and
good work. That is a magnificent
record and I am proud to have
the telling of it.

There are one or two points
which call for special comment.

PROUD ENTRY

Firstly, Police Detective Tam
Chung is the first Chinese police-
man to receive the King's Police
Medal. That medal, as you know,
is but rarely given and only for
very highly distinguished conduct.
The devoted courage of Police
Detective Tam Chung and of
his gallant comrade Wan Man,
who fall in the execution of his
duty, will always be a proud entry
in this Colony's Roll of Honour.

That there should be no less
than seven Colonial Police Medals
for gallant conduct throws a
strong light upon the varied duties
which befall the Hongkong Police.
All were earned under fire; six of
them by disregard of danger and
devotion to duty during the fight-
ing which took place on our bor-
ders in November 1938; and the seventh
by a Chinese detective who,
though wounded, bravely
stuck to the chase of some armed
robbers in Kowloon and helped to
a rest them.

A third point—and a very
gratifying one—is that the Com-
mendation List contains the
names of six members of the
civilian Interpretation and Trans-
lation Staff. For the best of
reasons very little is known by
the public of the heavy and
responsible work undertaken in
the Special Branch so that the
debt which the community owes
to these able and industrious
public servants is all too little.

shafts, compasses, torpedo
tubes, and other purposes.
The increased consumption in
wartime of tinned foods is
also likely to make inroads
into national reserves of the
metal.

AS A RESULT of this posi-
tion, the United States is now
one of the greatest importers
of tin from British Malaya,
buying a quantity of the
metal far in excess of its or-
dinary peace-time require-
ments.

THE REPORTED NEGOTI-
ATIONS covering the ex-
change of tin from Yunnan
for materials for the con-
struction of the new Yunnan-
Burma railway are an indica-
tion of the ways in which
China's overseas trade is be-
ginning to benefit from the
rise in the value of this
material which, with its re-
serves of the rare metals
tungsten and antimony, will
help the country to maintain
an even keel financially
through the long struggle for
its independence which still
lies ahead.

Detective Tam Chung, of the
Chinese contingent of the
Hongkong Police Force, wear-
ing the King's Police Medal
which was presented to him by
His Excellency the Governor
yesterday.

realized. I am glad that a little
light has fallen upon it today.

GREAT PLEASURE

The awards to the District
watch Force are also a source
of great pleasure. That body's steady
and faithful performance of duty
is of very great value to the
Colony and the awards given today
are most well deserved.

Officers and men, I congratulate
you very warmly on your record
for the year. Not one but now
two are making heavy additional
claims upon your discipline but
those claims are being splendidly
met. I wish you all success dur-
ing the current year and am con-
fident that you will achieve it.

High Honour
For Chinese
Detective

An outstanding feature of
the Police parade was the
presentation of the King's
Police Medal to Chinese
Detective, Tam Chung for
conspicuous bravery.

Tam Chung is the first
member of the Asiatic con-
tingent to receive the high
honour in the Hongkong
Police Force, and it is
learned, is the first re-
cipient of the medal in the
Force for bravery.

SPLENDID
HARP, SONG
RECITAL

A splendid harp and song recital
was given last night in the Rose
Room of the Peninsula Hotel in aid
of the Foreign Auxiliary to the
National Red Cross Society of
China.

Solange Reme (Mme. Siguret)
accompanied by a string orchestra,
under the direction of Mr. J. R. M.
Smith, rendered a number of harp
solos while Angelika Messier-
Steinschneider (mezzo-soprano),
accompanied by Mr. E. O'Neill
Shaw, sang two groups of songs.

Solange Reme's programme in-
cluded Garden after the Rain,
Siciliana (18th Century), La Melo-
dieuse (18th Century), and Deux
Chansons Populaires, Clair de Lune,
Serenade, and La Source.

Ever Gentler Grouse My Slum-
ber, in the Church Yard, Aria de
Dalla and Air de Salome were
among the songs sung by Angelika
Messier-Steinschneider.

YOUTH RESCUED
IN HARBOUR

Jumping into the harbour from
the Mongkok-Hongkong ferry, Man
Cheung, in an attempt to commit
suicide about 2 p.m. yesterday, an
18-year-old youth named Li Kin
was rescued by a seaman, Lam
Tong.

Artificial respiration was applied
when the youth was brought
aboard the ferry, and when the
launch reached the Island, Li was
sent to the Queen Mary Hospital.
He was described as suffering
from shock, otherwise his condi-
tion was favourable.

Y.M.C.A. AMATEURS SCORE
BIG HIT IN PRESENTING
"THE HOUSEMASTER"

"The House that Donkin built" withstood every shock at the
European Y.M.C.A. last night, the occasion being the Amateur
Dramatic Club's first public performance of Ian Hay's "The
Housemaster."

Donkin sat complacently through-
to the final curtain, with a satis-
fied air about him, assured now
that Angela (or was it Rosemary?)
would live quite happily ever after,
even if it would be with the pecu-
liar de Fourville.

QUITE A LARK

Barbara Fane and her three nieces
had made quite a lark of Ovington
and his new system. One of the girls
had made a diplomat of the wordly
wise Flossie, and the youngest, Button,
had even tried her hand at moulding
the personality that was Crump.

The play ends with Donkin, deeply
contemplative, sitting, at last, alone at
his desk, a Headmaster. The man
who made men out of boys had sur-
vived a proper crisis.
As portrayed by Leonard Starbuck,
Donkin is quite a character. He finds
always the right thing to say, the
right thing to do, right up to the final
satisfied sit-down.

Mr. Starbuck must be awarded a
seroll, citing the complacent manner
about him "that carried the play
through to the final curtain."

ACT OF THE EVENING

Geoffrey Eastgate's portrayal of the
reformer Ovington was, I am sure, the
act of the evening. A more self-
centred Ovington would have to be
bred in appropriate surroundings.

Next, we must mention Button and
Bimbo, otherwise Sylvia Boas and
Peter Sale, the tomboyish niece and
very much schoolboy nephew of the
imperturbable Barbara Fane. Both
acted with gusto into the spirit of
the play and remained believable all
through.

Sir Berkeley (W. J. Ashton) and
de Fourville (Bill Colledge) did not
lose by their roles. The former, his
hair grayed by some process known to
Victor Mamak, and with a cigar to
add to his impressive appearance,
appeared every inch a titled politi-
cian, and moreover one who could
have had something to do with the
schoolboy oddity that was Flossie,
his niece.

de Fourville was properly meek,
a character who had quite a ring
of sincerity in his voice as he spoke
of the piano on which he had just
played his last instalment and the
dialogues he was wont to conduct
with the musical instrument in his
moments of seclusion.

MINOR FAILINGS

The two girls, Rosemary and Chris,
otherwise Olive Starbuck and Lillian
McFarlane, sported each a minor
failing. Rosemary was too tragic,
Chris too exuberant. Both failed badly
in the bedroom scene, about the most
unbelievable of the play as enacted
by the A.D.C.

Crump, Bimbo, and Button alone
remained natural through the "house-
warming" scene.
The play, produced by John Burley
under the Stage Management of John
Anderson, will be continued at the
European Y.M.C.A. to night and to-
morrow night.

CHAIRMAN
APPEALS TO
MEMBERSSPORTS CLUB AND
BROKEN RULES

An appeal to members to observe
the rules of the Club more closely
was made at the annual meeting
of the Sports Club yesterday.
Major C. M. Manners, O.B.E.,
presided, supported by Messrs.
Lam Ming-fan (hon. secretary), F.
G. Maund (treasurer), M. H. Lo
and W. T. Stanton.

In his report, the chairman
said:—
The accounts show that the Club's
financial position is quite sound. You
will notice that Rentals have increased
by \$821; Repairs and Renewals are
rather larger than usual owing to the
fact that we spent quite a lot of money
in painting and redecorating. This
was done very cheaply owing to the
generosity of our friend Fung Kwok-
wa, and we owe him a debt of grati-
tude for his assistance and also to H. S.
Yung for so ably supervising the
repairs and painting. The Furniture
and fixtures have been kept in a good
state of repair, thanks to the hard
work of our House Committee.

During the year, a new bottle
colder was installed and it has proved
very satisfactory. We have also in-
stalled a shower bath room in the
men's lavatory which has been found
very convenient.

COMMITTEE THANKED

I would take this opportunity of
expressing my thanks to the General
Committee for the assistance they
have given me during the year. I
most particularly thank our Honorary
Secretary, Hon. Bar. Conventers and
Hon. Librarian for all the hard work
they have put in on our behalf and
to the benefit of the Club. In this
Club, these positions are honorary
in the real sense of the word, and all
their duties have been carried out
with no thought of anything but
the welfare of the Club and its mem-
bers.

The international spirit of the Club
is well exemplified in the harmonious
relations which always exist on the
General Committee, and I am sure
the continuance of these friendly
relations between members will always
be one of our prime objects.

The report and statement of
accounts were unanimously approved.

RULES BROKEN

Dr. F. Bunje observed that there were
certain rules of the Club which were
constantly being broken. He thought
that there ought to be a time limit
when the Club should be closed at
night, and that the Visitors' Book
should be signed by members when-
ever they introduced a visitor to the
Club.

Dr. Bunje also referred to the "badly
cooked tripe" which he said made up
a large part of the Club's library. A
good library would add to the ameni-
ties of the Club, he suggested that
a small committee be appointed to
supervise the purchasing of better
books, and to remind members to
return books borrowed.

Mr. F. W. Shafrin suggested that
the incoming Balloting Committee
should make a point of being present
at the Club on certain days so that
Persons, when members desired to put
up for membership, could be introduced
to them.

OFFICERS ELECTED

The following were elected to serve
on the General Committee for the
ensuing year:—Messrs. M. W. Watson,
W. T. Stanton, C. M. Manners, E.
Abraham, H. C. Macnamara, F. W.
Shafrin, M. H. Lo, U. Sze-wing, Wong
Sik-chug, Horace Lo, Fung Kwok-wa
and Lam Ming-fan.

The following were elected to serve
on the Balloting Committee:—The
Hon. Mr. M. K. Lo, Messrs. J. Lowrie,
Kenneth Chan, J. K. Ross, T. H. G.
Brayfield and Tang Shiu-kin.

RECONSTRUCTION
IN CHINA

Prof. S. S. Lien, of the Lingnan
University, gave an address on
"Economic Reconstructions in China"
at the weekly meeting of the Hong-
kong Y. Men's Club at St. Francis
Hotel yesterday.

Prof. Lien said that prior to the fall
of Hankow the most important factor
in the communications of the country
was its railway system but since then
the network of highways has come to
the fore.

Insofar as foreign trade was con-
cerned, the speaker said that just
before that fateful June of 1937, that
year promised to be a "bumper" one
but two months after hostilities had
broken out, China's imports and
exports suffered a sharp decline.

At the conclusion of his talk the
speaker was thanked by Mr. W. Y. Lee.

He Reserve.
His Excellency addressed the
members of the Force and con-
gratulated them on the very val-
uable work they are carrying out in
the defence of the Colony and ex-
pressed his appreciation of the
loyalty and keenness of the Force.

SOCIAL SERVICE CENTRE OF CHURCHES' MEETING

Continued from Page 1

social welfare affairs; and, thirdly, to preserve the balance between and to prevent over-lapping by local charitable bodies. I would not propose to subordinate these latter to the Commission but they would, no doubt, welcome the Commission's advice when offered and on occasions be willing to consult it.

The whole idea is at the moment too shadowy to make it advisable for me to say more about it, though I would add that I do not contemplate such a Commission having administrative or executive functions, at any rate at the outset, though that might come later. Rather it would concentrate on the survey of and research into the social needs and problems of Hongkong, especially those which take their rise from poverty conditions; and it would supply continuity and sustenance of effort in the solution of those problems. It only remains for me to wish all success to the Centre in the current year.

DEAN WILSON

Opening the meeting, Dean Wilson said, in part:—I will begin with the remark of the late Studdart Kennedy when he said that organised charity was the very devil. If Studdart Kennedy is right we met here this afternoon, to give the devil his due but I do not think that, such an organisation as ours comes under the ban which Studdart Kennedy would impose on those organisations which have lost their touch with personality and have become mechanical.

SOCIAL ORDER

Our social order is, narrow, bounded by material things and with little spiritual vision. It is cruel and callous because of the waste of human life involved; and disintegrating because it is always embittered by strife. The picture is not all dark; although there is much cause for dissatisfaction there is also much ground for hope.

Matters of housing the homeless, feeding the hungry, educating the minds and building up the health of the community are the work either of Government, Departments or of voluntary organisations and of these organisations I refer specially to such an organisation as the Hongkong Refugee and Social Welfare Council. But this Council realises that in addition to its committees which are dealing with food kitchens, education or housing, it

must also find a place for the work amongst individual people.

MISS ELLIOTT

Before referring to the report, Miss Elliott said in part, it has been a great satisfaction to feel that the Social Service Centre of the Churches was already established and ready to cope in some measure with the dire needs of many of those thousands so suddenly forced to seek safety within our borders.

The Statistical Record of the year shows a very substantial increase on that of last year. We have interviewed close on ten thousand individuals. This means an average of between 30 and 40 a day.

My last word must be one of thanks to His Excellency for honouring us today with his presence. His interest in this, as in an work for the social betterment of Hongkong is a very real encouragement in that it gives us faith to believe that small beginnings such as ours may develop through co-operation with the Government into work of permanent and constructive value to this rapidly growing community.

DR. SELWYN-CLARKE

The Hon. Dr. P. S. Selwyn-Clarke said that the Government Medical Department has received a full measure of co-operation from the Centre throughout the year now under review, and its burden has been lightened considerably thanks to the careful investigations and relief work for which Miss Elliott has been responsible.

Continuing, Dr. Selwyn-Clarke said in part:—It has been a particularly refreshing experience for me to have had the privilege of working with the officers of the Centre; because, although I have always been brought up to the belief that true Christianity accepts all men as equal—and, by implication, entitled to food, clothing, shelter, work, education and recreation—I have noticed that the central idea of charity is not infrequently allowed to loom rather too conspicuously in the activities of some relief bodies.

Government has clearly acknowledged its responsibility towards those who have sought temporary asylum in the Colony from disturbed conditions in China by providing several large camps where food, shelter and welfare services have been made available for tens of thousands during the past year or so. Government has also spent large sums in providing passages and travelling expenses for all those who could be persuaded to return to their country.

GOVERNOR'S INTEREST

Your Excellency has always taken a great interest in welfare centres, and, under your administration, there are good grounds for the belief that the three existing welfare centres will increase to six, nine, twelve or even more in the course of the next few years to the great benefit of the mothers of the future.

My excuse for taking up your time with the details already given relating to welfare organisations is to try to bring it home to you that the needs are so vast, greater than all the efforts of existing Chinese and European welfare bodies can possibly cope with. And that brings me to my last point.

As I see the position, the Social Service Centre of the Churches has a most important role to fulfil. It gives Government the greatest possible assistance by investigating many thousands of cases of refugees, destitutes and mendicants.

PERSONAL SYMPATHY

Your Excellency's presence here this afternoon is an indication of your personal interest and sympathy with the work and I trust Your Excellency may find it within your power to give further recognition to the usefulness of this work by enabling the Centre to be established on a rather more solid basis from the financial aspect by means of a contribution from the Government exchequer. I hope, too, that the Centre will receive a greater degree of support from the community as a whole.

It is only through the admirable combination of kindness, sympathy (from which mere sentimentality is excluded) and scientific investigation that have been the outstanding characteristics of the Social Service Centre of the Churches that we can carry out our democratic ideals and attain a higher standard of civilised life than has prevailed in Hongkong up to the present.

P.I. GOLD MINING TOWN RAVAGED BY FIRE

MANILA, Mar. 28 (Reuter).—A fire destroyed half the gold-mining town of Paracale, leaving 5,000 persons homeless and causing a great deal of damage.

DETAINED IN H.K.

LONDON, Mar. 28 (Reuter).—It is learned that the Soviet Steamer Vladimir Mayakovsky is detained at Hongkong pending an examination of her cargo by the Allied authorities. She is reported to be carrying a cargo of copper and molybdenum shipped in North America and consigned to Vladivostok.

NAZI PLANS TO BREAK ALLIED BLOCKADE

LONDON, Mar. 28 (Reuter).—The Times special correspondent in Rotterdam states that according to a report from Surabaya, published in the Nieuwe Rotterdamse Courant, large purchases were recently made by German agents in the Dutch Indies of rubber, copra, palm oil, kapok and other raw materials regardless of cost.

The case against Flt.-Lieut. McGovern, of the Royal Air Force, Kai Tak, summoned before Mr. Q. A. A. Macfadyen for allegedly driving a private car in Saigon Street on February 21 without a valid driver's licence, was further adjourned a week at the Kowloon Court yesterday. Defendant did not appear, and was stated to be ill and in hospital.

Colony's Contribution To Garrison Falls Short

War Office Letter Laid Before Legislative Council

Interesting figures, showing the cost of maintaining the garrison in Hongkong, were contained in papers laid before the Legislative Council yesterday.

It was revealed that the cost of the garrison exceeded the amount of Hongkong's contribution by £1,188,628.9s.6d.

The War Office, in a letter to the Colonial Office dated December 13 last, states:—

COLONY'S CONTRIBUTION
"With reference to War Office letter of January 24, 1939, numbered 16/Estimates/1286 (F.I.), I am commanded by the Army Council to forward the enclosed statements A to D, relative to the military contribution payable by the Colony of Hongkong."

"It will be seen from statement C enclosed that the contribution based on the actual revenue of the Colony in respect of the financial year April 1, 1937 to March 31, 1938, amounted to \$5,816,505.12 as compared with the provisional contribution of \$5,553,523.50 notified in the letter mentioned above."

ESTIMATES EXCEEDED
"The cost of the garrison, for that year, therefore, exceeded the amount of the contribution, converted into sterling at the official rates of exchange current when paid, by £1,188,628.9s.6d. (vide statement D)."

"With regard to the financial year April 1, 1938, to March 31, 1939, statements A and B, show respectively the cost of the garrison and the amount of the military contribution based on the estimated revenue in respect of that year. It will be seen that the cost of the garrison exceeded the

contribution, converted into sterling at the official rates of exchange current when paid, by £1,228,890."

The statements follow:—

TRANS - ATLANTIC MAIL SERVICE TO MONTREAL

LONDON, MAR. 28 (REUTER).—THE BRITISH OVERSEAS AIRWAYS CORPORATION, WHICH BEGINS TO FUNCTION ON APRIL 1, when it takes over the undertakings of Imperial Airways and British Airways, hopes to have a trans-Atlantic mail service to Montreal, and Port Washington, Long Island, running this summer if the military situation permits.

In addition it hopes to open up a service to Lisbon to connect with the Pan-American Clipper service within the next three or four weeks.

Mr. Clive Pearson, Chairman of the new Corporation, told Reuter today that owing to the necessity of military requirements, obtaining first call on all production it is not likely that there would be regular Atlantic passenger service this year.

CHUNGKING, Mar. 28 (Reuter)

Major Sino-Japanese operations are expected to break out shortly in the vicinity of Canton along the Lower West River, probably in the vicinity of Sunwul, west of Macao, declared a Chinese military spokesman today.

OSLO, Mar. 28 (Reuter).—The German submarine, U21, which ran aground near Oden on Tuesday has been interned by the Nor-

FORMER G.S.O.I. CHINA DEAD

MAJOR - GENERAL HARRISON

LONDON, Mar. 28 (Reuter).—The death is announced of Major-General Harold Cecil Harrison, British Troops in China and D. S. O., former G. S. O. I for popularly known in Hongkong as "Dreadnought" Harrison.

BRILLIANT CAREER

The late Gen. Harrison was educated at King Edw. d's School, Birmingham. He first entered the Royal Marines as a Second-Lieut. in 1907 and was Assistant Adjutant, Royal Marine Artillery, on the outbreak of the last war. He was seconded for service with South African Contingents, first commanding a battery in German South-West Africa, and later the Transvaal Battery of the South African Heavy Artillery in France, where he won the D. S. O. and was promoted Bt.-Major.

He served on the General Staff at Singapore, the War Office and at Hongkong. He was an instructor at the Staff College, Quetta, from 1930-31 and the Imperial Defence College, 1932 and commanded the 1st Batt. The Green Howards, from 1932-35. He was G. S. O. I British Troops in China, 1935-1937.

He was awarded the Sacred Treasure of Japan in 1926 and was promoted Bt.-Lt.-Col. in 1927, Lt.-Col. in 1932 and Col. in 1935.

Besides shooting, he played cricket and lawn tennis and was an old Rugby international.

PARIS SUGGESTS

SCARVES IN PRINTED CREPE (to match dresses) trim straw hats, fine tulle jersey is twisted into evening turbans. Waistcoats in striped jerseys, satins and surahs go over plain dresses. For evening, the striped effect is worked in gold braid on black.

Reversible jackets—they turn inside out with a flick of the hand—are plain and dark outside, gay and patterned inside. Or the lining is striped in, say, beige and black. For evening, the stripes are worked in sequins.

Peasant Themes:

There's a revival of peasant themes, due to the Finnish and Scandinavian influence. Embroidered heart motifs, pockets and purses are discreetly used. Nordic colours are appearing in embroidered Finnish belts—they are worn with everything from beach to evening costumes. Several courtiers have adopted lace-trimmed flanneled bonnets and three-cornered, fringed shawls. They are made in tweed or wool for tailors, or in silk for evening, or shown with oiled-silk beach frocks. Heavy gold peasant chains are used in a dozen ways.

Apron Revival:

The revival of the apron is the most important peasant theme to influence the silhouette. In an abbreviated form it can be mistaken for a hip yoke. The most sophisticated version is the navy maroon afternoon dress on which is encrusted a pointed apron of navy tulle; it ties in a little bow at the back just above a narrow pleated fan which is set into the skirt. Some of the tiny, pounced aprons have suspended pockets.

Evening Gowns:

Floor-length, and even longer, evening gowns with ample skirts show off the wonderful fabrics that fashion them (flowered tulle, embroidered, or striped satins, nets, laces and jerseys). The bodices are sometimes simple and short-sleeved, sometimes draped with halter tops. Fine linens, flowered cotton voiles and plaques are ruffled for summer evenings. Evening gowns make girls look like flowers; their ruffles frame the head and trim the shoulders or the multiple-layered skirts.

THESE FASHIONS

DRAWING THE HAIR LINE

"Hair must not be regimented." This is the wise saying of one of those specialists who can make the waves obey his will. Though this expert in the art of sculpturing the hair can mould the silhouette of the head this way or that, he strongly feels that the arrangement of the coiffure is an individual matter.

Conform To Type

The most important thing is to place the hair according to the features, he believes. Hair is the only adjustable thing about a woman's head—to further elucidate his idea—Benté, it should be made to conform to its owner's type.

"But what about adjusting the hair to changing hat lines?" was one among several questions put to him.

He replied: "There is not a milliner who will not produce a hat, and a good-looking one, to fit the hair arrangement of her client if it is a becoming one."

One can agree with him for this season, since there is such a variety of shapes in hats; another year it may not be so easy.

Softer & Fuller

The very sleek line has given way to softer and fuller moulding of the hair, according to our informant. He foresees the domination of two styles for a while at least. One is influenced by "Gone With the Wind." It is up and curled at the front and low and full at the back.

Narrow Lines:

In Paris the fashion experts are launching narrow lines such as slim gowns under flaring coats. Narrow lines are featured in the restaurant ensembles shown in all houses. They are simple in trimming. Tiny hats smothered in black tulle petticoat veils top them off.

Round The Shops

WHILE EVERYONE IN HONG-KONG is revelling in the present delightfully cool weather, they are at the same time thinking exasperatingly, perhaps, of the summer days ahead—hot, dusty and humid—days when it is up to every woman to pay more attention to delicacy, neatness and smartness in dress and appearance.

Summer time is when the beauty preparations are most sought after to relieve that feeling of clamminess of face and hands and rest for the eyes. Lane, Crawford's Ladies Salon makes a point of laying emphasis on the case of the eyes and offers a wide selection of preparations for this purpose.

Beautiful Eyes:

In the quest for beauty, how many women realize the importance of giving proper attention to their eyes? Beautiful eyes, for those who want them—and who doesn't?—are, however, not difficult to achieve with the aid of the wonderful preparations which Elizabeth Arden has made available to every discerning woman. To be beautiful, eyes must be clear, youthful and compelling—and to secure these three important requirements Elizabeth Arden first offers her Special Eye Cream of the finest oils which have been combined to treat the delicate areas round the eyes and which will steadily fill up those hollows, wipe out disfiguring lines and crepey lids. Next comes the Ardena Special Eye Lotion to soothe tiredness and ache and impart lustre and freshness after all-day outings or strenuous sports. With freshness preserved, next is the need for luxuriant lashes and Elizabeth Arden has had amazing successes with her Venetian Eyelash Grower to give the lashes a silky appearance; her Eyelash Cosmetique to secure artistic darkening and glossiness. Finally, the eye-brows get the necessary delicate touches with the Arden Eyebrow Pencil—and presto! Beautiful Eyes are yours.

Cool Summer Wear:

From beauty treatment, Hong-kong's womenfolk must naturally turn their attention to their summer material sharkskin is already in demand and Rivelle, in the Arcade, is displaying a new shipment of sharkskin and cotton dresses for day and afternoon wear. While millady's interest will mainly be centred on the former, she will not be able to resist the beautiful assortment of washable cotton models, which Rivelle is offering in all sizes and designs. With these attractive lines are a delightful selection of new summer straws—pert, chic and as stylish as anyone could wish. And then, for formal wear, Rivelle also has some exquisite evening creations, which can only be described as perfect in model and design.

At the Hat Shop:

Summer's demands in headgear are exacting, so wide are the tasks of different individuals, who, with feminine diligence, try to match hats with personality. At Mayo's, in the Arcade, the advance shipment of summer hats covers such a variety of styles that picking the right one will entail no trouble at all. Mayo's have also a lovely display of day, afternoon and evening wear in silks, laces, organzas and nets, each with its own piquant charm and beauty.

Straws & Snoods:

Snoods have certainly caught the popular fancy in Hongkong—their neatness and attractiveness are admitted everywhere. Reme, in the Asia Life Building, has a wonderful assortment of fishnet snoods which should be snapped up by her customers who want to be in the vogue for this line. Reme, of course, specializes in headgear of all kinds and her new display of hats must be seen to be appreciated, together with the wonderful assortment of novelties which catch the fancy of feminine tastes.

Studio de Luxe:

While most other trades seem to be feeling the effect of war conditions, Studio de Luxe, in Pedder Building, claims to have plenty of work on their hands, with constant visits by those who wish to have their portraits taken. High grade work and careful and courteous attention to their clients is behind this success, which the studio has fully merited to date.

Red Sail In The Sunset Is FAVOURITE SHADE FOR NEW SPRING COLOUR

SPRING COLOURS ARE TO BE BRIGHT, as an antidote to war boredom, with a red sail in the sunset shade as first favourite. Gloomy shades from black to mauve have lost the top places; they will be low down on the list this spring.

WOMEN WILL WEAR

In addition to the shade known officially as a Breton red, women will wear:

GREYS, very important in the spring scheme.

PASTEL TONES, including a delicate green, maize and blue.

YELLOW, a lemonish-green shade.

BROWNS, making a comeback this spring—usually autumn shades.

The only colours with a war-time influence are actually a year old, but remain fashionable. They are Royal Air Force blue and Legion d'Honneur red.

No new shades have war names. The war atmosphere is being avoided as much as possible in fashion.

SPRING YELLOW

YELLOW is the colour of spring—daffodils, primroses, buttercups, jasmine. Whatever else the poetry is which tops off this close-fitting cap, it is yellow.

LIGHTNESS AND NEATNESS ARE FEATURES OF MODERN FASTENINGS

THE DRESS-MAKER OF TODAY has a comparatively simple task in arranging for the fastenings of garments of different orders.

A DAY-TIME HAIRDRESS

For casual wear, Larry Germaine, hair stylist, has created this coiffure for Laraine Day. The young actress wears it on informal occasions.

A—The hair is caught up on the sides in a swirl, with soft ringlets framing the face and a loose dip on the forehead.

B—The crown of the head is kept smooth and gives the effect of a tiny cap with ringlet curls around it.

C—The sides of the hair, right and left, are idly swept. Combed off the face, the hair is caught up at the temples and brushed in soft ringlets around the face.

D—After the hair is thoroughly dry, Mr. Germaine brushes it vigorously before combing. This brushing tends to polish and add sheen to the hair.

Buttons and button-holes and hooks and eyes still find their place in many situations, and for other applications there are press studs and the long automatic fasteners, all of which have been greatly improved in recent times.

Easier Today

At one period the materials available placed severe restrictions upon those who wished to make their fastenings more in line with the style of the garment, but plastics and metal alloys have now made it possible for colour to be used with full effect.

Even the automatic fasteners are available in colours, while buttons and clasps, in all shapes and sizes, can be obtained in the most delicate shades.

As a result it has been possible to give these details a very definite place in the decoration of clothes, besides in so many cases, providing a much more effective fastening than used to be possible.

Security

It is the security which is now possible with these modern fasteners, that has inspired such supreme confidence in the latest products of the British industry, even though they are lighter than the old types which preceded them.

The lightness is apparent in those types of fastenings which are particularly applicable to the finest pieces of lingerie, where it is important to prevent any drag on the material and the fastener must not stand out.

These are points that are specially provided for in the Rayon series of fasteners and they are reflected by the names of some of the series, like the Mighty Atom, British Bulldog, and so on.

Eugenie Snood Hat

The great success in wartime headgear, the EUGENIE IMPERATRICE pill-box style, posed forward to light on the brow from snoods of fish net mesh. Practically every woman should possess one of these hats, indicating a century-old revival.

E—The finished hairdress is combed into place. The sides are caught up at the temples and then brushed into soft ringlets around the face. Pin curls on top are combed into a soft dip on the forehead.

GOOD BREAKFAST DISH

For an economical and tasty dish for breakfast, mash up two or three cold left-over potatoes and mix with one beaten-up egg and a little milk. Heat some dripping in a frying-pan and drop spoonfuls of mixture into it. Fry till lightly browned, then turn over and brown the other side. Pepper and salt to taste and a little dried, fine parsley improves dish. One egg serves for two or three people in this way.

RICE & TOMATOES

IF YOU COMBINE some boiled rice and a tin of tomatoes you'll be surprised what a good vegetable this makes—it's a change, too. Boil some rice in the usual way, adding a little onion to the water. Strain, add a tin of tomatoes, return to the saucepan with a knob of margarine, and stir well together until thoroughly heated.

Five Nazi Planes Shot Down In Thrilling Air Battles Over Metz: N.Z. Airmen's Graphic Story Of Fight

LONDON, Mar. 28 (Reuter).—A War Ministry bulletin from the headquarters of the British Air Force in France announces that there was a marked increase in aerial activity on Tuesday in the neighbourhood of Metz.

AERIAL ENCOUNTERS
A formation of seven enemy reconnaissance craft, escorted by fighters, were intercepted and engaged by British fighters. Aerial encounters occurred and our fighters, having broken up the enemy formation, forced the enemy to abandon their reconnaissance.

One British patrol encountered a formation of nine enemy fighters. In the ensuing fight two enemy aircraft were seen descending in flames. One of our fighters was shot down, but the pilot escaped by parachute.

THREE BATTLES
LONDON, Mar. 28 (Reuter).—Reuter's correspondent, writing from "Somewhere in France," states that the R.A.F. brought down at least five enemy planes in France on Tuesday. Two others are believed to have been accounted for. One British fighter was lost.

Three separate battles occurred in the morning, afternoon and evening, when patrolling Hurricanes met German planes of four different types. Five planes were shot down for certain. They were all Messer-Schmidts and the two probably accounted for were Messer-Schmidt and Dornier.

AMAZING STORY
"Copper," a twenty-one-year-old New Zealander, already famous for his exploits, brought his total bag up to five by accounting for two Messer-Schmidts. This time he narrowly escaped with his life as he jumped about his mess yesterday, with one leg peppered by shrapnel from cannon shells, he told an amazingly graphic story.

He told how he and two other Hurricane pilots ran into a flight of nine Messer-Schmidts in the early afternoon.

ONE APICE
"We took one apiece and just went in," he said. "I hit one and he spun down in smoke and flames. Then, for a time, it was a free for all, until I got another Messer-Schmidt and sent him down."

"I looked round and the sky seemed clear. But one of the Messer-Schmidts was hovering high above, waiting to see how the battle was going to turn out."

"He swooped on me and the next thing I knew was a terrific bang in front of my eyes."

INDIA CONGRESS OFFICIAL GAOLED

CHANDASSA, Mar. 28 (Reuter).—Sibar Jayaprakash, General Secretary of the All-India Congress Socialist Party, who was arrested three weeks ago under the Defence India Act after delivering a speech, was yesterday sentenced to nine months rigorous imprisonment.

The top of my hood flew away, a great jagged hole appeared in my engine and flames and oil poured into the cockpit. I was almost knocked unconscious by the shock but came to and managed to 'bale out.'

"THIS IS HEAVEN"
"For a long time I never thought about pulling the slipcord of my parachute. Then I did so and floated down in a kind of daze, enjoying the cool air on my face."

"When I passed through a thick layer of white clouds, I thought to myself, quite seriously, 'This is heaven.'"

"I landed in a field in 'No Man's Land' and stumbled towards a wood where I gazed up my parachute with earth and wire."

A French Captain came running towards me with a revolver poised. When he found out I was he helped me back into the French lines."

C-IN-C'S CONGRATULATIONS
"Copper's" two companions each chased a Messer-Schmidt and one Flying Officer sent his opponent down in flames.

The other, a Sergeant-Pilot, reports that his quarry disappeared through the clouds with smoke trailing behind him.

Air Marshal Barratt, Air Officer Commanding-in-Chief, has sent a glowing telegram of congratulations to the British fighter pilots. It is now proudly displayed in their mess.

FIRST BLOOD TO THE ALLIES
LONDON, Mar. 28 (Reuter).—The Washington Post, in an analysis prepared for the Foreign Policy Association, says: "Great Britain and France have won the first round in the fight for the control of the Near East without serious opposition by the totalitarian Powers."

The Allies now hold the strategic points along the principal lines of communication and the economic resources of the Near East, to the disadvantage of Germany, Russia and Italy."

DRASTIC MEASURES
The analysis refers to the steadily increasing allied military forces in the Near East and in discussing Rumania states that "Great Britain has left no doubt of her intentions to take drastic measures if oil continues to be supplied to Germany."

The same sources reveal that Count Teleki was extremely reluctant to postpone the Hungarian claims and yielded only after Signor Mussolini gave him substantial compensation which is tantamount to an Italian guarantee of Hungarian independence.

DELICATE NEGOTIATION
The elements of this delicate negotiation are reflected in Gayda's comment in the Giornale D'Italia that "Italy rushes Hungary to do her utmost for preserving peace in the Danubian Basin, but this desire for peace does not mean that Italy wishes Hungary to give up, permanently, her hopes for the final and satisfactory settlement of the problems which interest her directly, nor does it mean that all the other problems in that part of Europe can be forgotten."

"The idea that peace is built up on justice remains the guiding principle of Signor Mussolini's policy."

BALANCE OF FORCES
It may well be that Count Teleki wanted to satisfy himself that the Brenner Pass meeting between Herr Hitler and Signor Mussolini had not upset the balance of forces on which Hungary depends.

ITALY PROMISES SUPPORT
ROME, Mar. 28 (Havas).—Hungary has agreed to wait until the end of the war for her territorial claims against Rumania and has, as a result, received from Italy, promise of unconditional support.

The above, according to usually reliable sources, came about following Count Teleki's conversations here.

A MASS OF FOAMING WATER LEFT

R.A.F. SINK NAZI PATROL VESSEL

LONDON, Mar. 28 (Reuter).—The Air Ministry announces that during a reconnaissance of the North Sea yesterday, aircraft of the R.A.F. Coastal Command attacked and sank an enemy patrol vessel, in the eastern part of the North Sea.

INTENSE FIRE
The attack was carried out in the face of intense anti-aircraft fire.

Four ships were seen close together and the pilots selected one as their target. They dived and released their bombs.

The rear gunner of one aircraft saw a salvo of bombs burst directly on the deck. There was a big explosion before the flame and smoke died down.

ONLY THREE LEFT
The British flew into a cloud to escape the storm of retaliatory fire and when they emerged the crews saw only three ships.

One pilot said: "Where the ship had been there was only a mass of foaming, frothy water."

Mr. Lin Sen, Chairman of the National Government, will broadcast a speech over the Stations XGOA, 1,200 kilocycles, and XGOY, 1,190 kilocycles, to the people at home and abroad at 7 o'clock this evening (8 p.m. Hong Kong Time) on the occasion of Chinese Revolutionary Martyrs' Day. The broadcast will be relayed by other radio stations throughout the country.

ONEROUS PEACE BETTER THAN WAR IN FACE OF GREAT ODDS

FINNISH PEOPLE ALIVE TO THEIR DUTY

HELSINGFORS, Mar. 28 (Reuter).—In a message to the retiring Government, President Kallio described the Soviet peace terms as "immoderate" and added that yet the people and Parliament had realised that even an onerous peace was preferable to years of sanguinary war in the face of great odds.

WAR TRIBUTE
M. Kallio paid a warm tribute to the outgoing government for its endeavours to secure munitions during the war, adding: "The defensive capacity of our army is quite different from what it was at the beginning of the war. It is true our country is mutilated—a matter which we mourn—but the Finnish people, alive to its duty, our independence, and our heroic army, still exist. These are the foundation stones on which we shall continue to build our future."

NEW CABINET
Seven members of the new Cabinet were in the outgoing Ministry and all, with the exception of M. Tanner, retain the portfolios they held before.

M. Passikivi, Minister without a portfolio in the outgoing Cabinet, is not in the new Ministry.

SWISS HELP
ZURICH, Mar. 28 (Reuter).—According to the Swiss press, Switzerland's gifts to Finland so far amount to £288,000 in value.

EXPLOSION ON FRENCH WARSHIP: SEVEN KILLED

PARIS, March 28 (Havas).—The Navy Ministry regrets to announce that an explosion occurred aboard the destroyer La Rallieuse while the vessel was lying in port. Seven were killed and several wounded, or yet unaccounted for.

THYSEN GOES TO FRANCE

ZURICH, Mar. 28 (Reuter).—Fritz Thyssen, German steel magnate, left Locarno yesterday for France, but his exact destination is unknown.

SWEDEN GAOLS SPIES

STOCKHOLM, Mar. 28 (Reuter).—Sentences ranging from three months' imprisonment to three years' hard labour were passed on four persons convicted on charges of espionage.

A Swede, named Koch, was sentenced to three years' hard labour and his mother, who is Russian-born, was sentenced to three months' imprisonment.

A Swede, named Karlsson, and Dr. Michael Willy, who is German-born, were each sentenced to ten months' hard labour.

The fifth accused, Koch's German-born wife, was acquitted.

RUSSIAN SUPPLIES TO GERMANY CHECKED

"Guns Campaign" As Answer To Ore Vessels

LONDON, MARCH 28 (REUTER).—THE CLEVELAND PLAIN DEALER, in a commentary, states that the Soviet Union cannot supply Germany with sufficient quantities of three of the most vital raw materials, namely petroleum, vegetable oil and manganese, to conduct the war. The chief drawback, the paper adds, is the question of transportation.

"For Gallant Work"

ITALIAN MARINER REWARDED

LONDON, Mar. 28 (BWS).—A remarkable feat of seamanship was recognised to-day in Malta when the Governor presented a watch, from the British Air Ministry, to the Italian master of a small Maltese sailing ship, "for gallant rescue work" in saving six survivors from a wrecked British air liner last December.

STORMY SEAS
The rescue took place partly during darkness and in stormy seas off Sicily. When the aircraft crashed into the sea about 200 yards ahead of the sailing ship, the master launched a small boat. Despite a high wind and mountainous seas, the boat picked up three men from the aircraft and, being then fully loaded, returned to the ship which had now drifted about half a mile away.

Rough seas and darkness prevented the further use of the small boat, the Master brought his ship, by skillful handling, back to the scene of the disaster and picked up the other three survivors who had been swept off the wreckage and were drifting in the water. One of them was a R.A.F. Wing Commander who was in the water for nearly three hours.

HUNGARY ANXIOUS THAT BALANCE OF FORCES SHOULD BE PRESERVED IN S. E. EUROPE

COUNT TELEKI'S CONCERN OVER ITALIAN ATTITUDE

LONDON, MAR. 28 (REUTER).—COMMENTING ON THE VISIT TO ROME OF COUNT TELEKI, THE HUNGARIAN PRIME MINISTER, AND HIS LONG CONVERSATION WITH SIGNOR MUSSOLINI, THE DIPLOMATIC CORRESPONDENT OF THE B.B.C. COMMENTS THAT NO ONE, OUTSIDE THE TWO GOVERNMENTS CONCERNED, CAN KNOW EXACTLY WHAT TOOK PLACE, NOR THE REASONS WHICH PROMPTED COUNT TELEKI TO GO TO ROME, SO SOON AFTER THE BRENNER PASS MEETING. THE LATTER, HOWEVER, PROBABLY GIVES A CLUE.

Hungary is vitally interested in the relations existing between Italy and Germany. Whatever designs Germany may have on her, or on any other Balkan or Danubian State, her actions must depend on the attitude of the other interested powers and Italy has made it clear often enough that she is one of the first.

BALANCE OF FORCES
It may well be that Count Teleki wanted to satisfy himself that the Brenner Pass meeting between Herr Hitler and Signor Mussolini had not upset the balance of forces on which Hungary depends.

ITALY PROMISES SUPPORT
ROME, Mar. 28 (Havas).—Hungary has agreed to wait until the end of the war for her territorial claims against Rumania and has, as a result, received from Italy, promise of unconditional support.

S'hai Japanese Want More Seats On Municipal Council

SHANGHAI, March 28 (Reuter).—Giving credence to the recent rumours that the Japanese are seeking greater representation on the Shanghai Municipal Council, a Japanese Embassy spokesman declared that a meeting of Japanese civic leaders and representatives of the Japanese Residents' Corporation would be held shortly to determine the exact number of candidates to be nominated for election.

He added that meanwhile investigations were proceeding among the Japanese community to determine the number of votes available and the total number of Japanese rate payers. The spokesman once again emphasised the feeling in local Japanese circles for greater representation on the Council.

Godowns Full To Capacity NEAR EASTERN POWERS

China Provident Loan & M. Co. Y. V. ANSOLIDLY BACK ALLES

Annual General Meeting

During the present year our godowns have been full to capacity and the demand for storage space has been steadily increasing. Mr. S. M. Chan, Chairman of the Board, said in his report and accounts:

"Mr. Chan said in part:— Before the meeting with the business community, it is my painful duty to have to record officially the death of Mr. Hodgson. The late Mr. Hodgson, as you are no doubt aware, was a member of this board for 14 years in an unbroken line, and in his demise, the Company has been deprived of the services of a wise and resourceful counsellor. May I ask that you will stand for a moment in silence as a mark of your respect to his memory?"

The profit for the year, under review, after making provision for all known contingencies, was \$233,678.14, equal to 12.23 per cent on issued capital.

A, the beginning of 1939, all leased godowns, except the North Point Yard, had been given up and the profit for the year from this source was only \$35,000, whilst the earnings on our own properties amounted to \$279,000.

The year 1939 opened with a moderate demand for space, which, except for the set-back at the beginning of the war, improved during the year until a peak was reached in November last, which proved to be a record month for earnings from our own properties in the Company's history.

GODOWN SPACE

We have not been able to rent sufficient godown space to take care of all our clients' demands, but for the accommodation of a few of our old clients we have rented two small godowns, which will only show a very moderate profit. Owing to the lack of space we have during January and February this year had to refuse several steamers, but recently we have been able to resume this important phase of our business.

I am pleased to record that our customers have availed themselves to a greater extent of the facilities we offer for loans against cargo stored with us. These loans are invariably granted with ample margin and are for short terms only. All the loans outstanding as at December 31, 1939, have since been repaid, except one loan which we have renewed.

The balance sheet of your Company shows a very satisfactory position, and you will observe

TRAFFIC ACCIDENTS IN COLONY

In the Colony of Hong Kong, including the Island, Kowloon and New Territories during the week ending at 8 a.m. on Saturday, March 23, there were altogether 68 traffic accidents as the result of which 2 persons were killed and 37 persons were injured.

Of persons killed, two European males, both aged 36, were drowned when their private motor car went over the sea wall.

Of persons injured, 20 were pedestrians, who were crossing the carriageway and were struck by vehicles.

Of 63 accidents, 21 were collisions between vehicles, 34 were collisions between vehicles and pedestrians, 13 accidents were due to other causes.

LONDON, MARCH 28 (REUTERS).—LORD SAMUEL, BROADCASTING THE IMPRESSIONS GAINED DURING HIS RECENT TOUR TO SYRIA, PALESTINE AND EGYPT, said that the conditions he had visited were more at peace in wartime than they had been in peacetime; that local controversies had quietened down.

REFUGEES IN THE COLONY

An increase of 263 is shown in the total number of refugees and destitutes accommodated in the Colony in government camps, etc., in Urban and Rural Areas for the week ending March 23.

Urban Areas (Civilians): King's Park—1,206 against 1,302 on Mar. 16.

Ma Tau Chung—1,643 against 1,390 on Mar. 16.

Wai Kwoi—1,330 against 1,410 on Mar. 16.

Morrison Hill—472 against 459 on Mar. 16.

Urban Areas (Soldiers): In Hospital—18 against 14 on Mar. 16.

Argyle Street—684 against 690 on Mar. 16.

Urban Areas (Tai Hang): Squatters' Camp—1,277 against 1,245 on Mar. 16.

Rural Areas: Kam Tin—2,154 against 2,097 on Mar. 16.

Total—3,834 against 3,616 on Mar. 16.

In addition to the above the Ngau Tau Kok Squatters' Camp was opened on March 12 and by March 23, there were ten inmates.

THIEF FALLS FROM DRAINPIPE

Sentence of two months' hard labour was imposed on Lai Shing, 24, unemployed, when he pleaded guilty, before Mr. H. G. Sheldon at the Central Court yesterday, to a charge of theft of two isotaks and a handbag containing \$2.60.

Lai climbed up to the second floor of No. 275, Lockhart Road by a drainpipe on January 17. After he had gained entry to the floor, his movements roused the occupants, and in this hurry to escape Lai fell to the road below and fractured his foot. He was taken to the Queen Mary Hospital where he was detained till Wednesday.

"BUT, WILL YOU STOP ARMING JAPAN?"

"WE ARE CONFIDENT OF OUR VICTORY, YOU CAN HELP LESSEN THE SUFFERING OF OUR PEOPLE BY HASTENING OUR VICTORY. WE ARE GRATEFUL FOR YOUR AID. BUT, WILL YOU STOP ARMING JAPAN?"

Thus said Mr. Liu Yu-wan to his American radio audience lately when he broadcast a speech over XGOY. Mr. Liu is the executive secretary of the China Institute of Pacific Relations who has just returned after an extensive tour in the United States and Canada following the Institute of Pacific Relations Conference in Virginia Beach, Va. last November.

NO REGIMENTAL BREWERIES

Mr. Macquisten (Cons.) asked Mr. Stanley in the House of Commons whether, to save cargo space, he would arrange that the materials and small plants for brewing be purchased in France and supplied to the regimental cook and their assistants.

Mr. Stanley replied that small plants for brewing would be difficult to obtain in the quantities required, and the duties of cooking and brewing could not be suitably combined. (Laughter.) There would be no saving of cargo space as to beer or material for brewing was being sent from this country.

Mr. Macquisten: Before the war every soldier brewed his own beer and it could be sold at less than a penny a pint. Why should not the soldiers have their beer with their ration just as the French soldier has his wine? Most Englishmen drink beer.

EXTRACTION OF OIL FROM COAL

Mr. Lloyd, replying to Mr. Grenfell (Lab.), said: During the last 10 years a very large number of processes for the extraction of oil from coal has been brought to the notice of my department, but most of them have not been developed to the point at which technical investigation or commercial exploitation has been practicable. In 1938, apart from the large number of coke ovens, gas works and gas distilleries and the production from Scottish oil shale, which together produced 1,215,000 tons of oil, our supplies of home-produced oil were 13 low-temperature carbonisation plants and one direct method of extraction, the hydrogenation plant.

SOLID SUPPORT

Greece, Egypt and Palestine, Cyprus and Syria, and further away, Iraq and the Hedjaz represent one solid block of territory wherein rulers and ruled everywhere take the same view on the dominant question of the day—this being the first time for many years that has been so. All are against Germany. All are deeply concerned that no aggressive totalitarian States should obtain a controlling influence in the Eastern Mediterranean.

"Every section, therefore, is anxious not to do anything that would hinder the war effort of Great Britain and France."

The Liberals Have It!

SMASHING VICTORY IN ELECTION IN CANADA

OTTAWA, March 28 (Reuters).—The Liberal Government of Canada has obtained a smashing victory at the polls, the victory being even greater than its most ardent supporters had hoped for.

The latest figures are:—

Liberal 174 seats out of a total of 245;

Conservative (National Government)—38;

Co-operative Commonwealth Federation—8;

New Democracy Social Credit—7;

Others—9.

OTTAWA, Mar. 28 (Reuters).—Reinforced by a record majority, representing 83 per cent of the National vote, Mr. Mackenzie King will probably summon Parliament for either May 2 or 3.

One result has been deferred and eight others are still doubtful. The results do not include the votes of Canadian troops which will be available next week. These votes may alter some results but will not be enough to affect the main issue.

Every Communist candidate was defeated while the Social Credit Party only polled one of the original 15 seats.

All the leading lights of the Conservative Party were defeated and so were all women candidates.

ONLY WOMAN TO WIN

OTTAWA, Mar. 28 (Reuters).—Mrs. D. W. Neilson, Unity Party Candidate and mother of three children, defeated the veteran Liberal, Mr. C. R. McIntosh, at North Battleford, Saskatchewan. She will be the only woman member of the House, as all the other women candidates were defeated.

JAPANESE EGG FACTORY BURNED DOWN

CHONGKING, Mar. 28 (Central).—The Japanese Egg Cold Storage, at Nanjing Road, in Hongkong Shanghai, formerly the Chinese, Moow Chong Egg Factory, was partially destroyed by fire which broke out at 5 o'clock on Monday afternoon, according to a Shanghai report.

The conflagration was not brought under control until about 7 p.m. Japanese Naval Landing Party members turned out to help fighting the fire.

Loss estimated as being heavy. The cause of the blaze is still unknown.

MAN BITES MAN

A gruesome exhibit, a portion of a human ear, was produced in the Central Court when an assault case was before Mr. H. G. Sheldon yesterday.

The piece of ear belonged to Li Shing-yeung, 31, His Majesty's subject, a tailor, bit off during a struggle when he failed to obtain a loan.

Li pleaded guilty to the charge of assault and was sentenced to three weeks' hard labour.

Further of Japan in her most ruthless invasion of China—no doubt I know all of you as undoubtedly most severely condemned. (Cries.)

FIFTH NATIONAL MEDICAL CONFERENCE

KUNMING (By Air Mail).—Preparations for the Fifth National Conference of the Chinese Medical Association are fast being completed. The Conference will be held at the new Provincial Hospital at Kunming from April 2 to 5 under the honorary chairmanship of Governor T'ung Yün. While the attendance will not be as great as in normal years owing to transportation difficulties, it is expected that 250 doctors from different parts of the country will be gathering in Kunming for this occasion.

Already doctors from Peiping, Shanghai, Canton, Hainan, Hoku, Chengtu, Chungking and Kweichow have registered, so that although the number from each city may not exceed one or two, practically every medical centre will be represented. Among the distinguished foreign delegates will be an official delegation of French and Annamite doctors from Indo-China and the members of the United States Public Health Service Mission, who have been investigating malaria conditions along the Yunnan-Burma highway.

The conference discussions will place emphasis on war-time problems of medical relief, public health and medical education, these three sections being under the chairmanship respectively of Surgeon-General C. T. Lo of the Army Medical Administration, Vice-Director P. Z. King of the National Health Administration, and Secretary Wang Yuan-cheng of the Commission on Medical Education in the Ministry of Education.

SPECIAL PAPERS. In the section on medical relief special papers are being prepared by members of the Army Medical Service, Army Medical College and Chinese Red Cross Medical Relief Corps under the supervision of Drs. C. T. Lo, Chang Chien and Robert H. S. Lim respectively. In the section on public health papers being presented by members of the National Health Administration, Provincial Health Administrations, Yunnan, Kweichow, Hunan and Kwangtung, the League of Nations Epidemic Mission, and other public health workers will concentrate on the three main problems of malarial, health centres, malaria, and cholera.

Members of the National Central Research Institute of Materia Medica, and Chemotherapeutics have submitted papers reporting the results of their latest investigations into anti-malarial drugs obtainable from indigenous Yunnan plants. The gathering of the Directors of the various medical colleges will enable many important problems of medical education to be discussed.

EXCURSIONS. It has been arranged that the early afternoon shift be devoted to excursions and sightseeing, the afternoon sessions being postponed until 2.30 p.m. The local Preparatory Committee under the chairmanship of Dr. K. H. Chang, Superintendent of the Provincial Hospital, has been very successful in drawing up a most attractive programme of sightseeing, entertainment and general facilities. A series of exhibits of medical and pharmaceutical products have been prepared by the leading foreign and local firms for display.

Any surplus from the conference budget will be used for the building up of a medical library in Kunming under a Library Committee, which has recently been appointed under the chairmanship of Dr. H. A. C. Mac, Acting Health Commissioner, Central News.

Police Fire On Strikers In Calcutta

SEVEN LEADERS ARRESTED

CALCUTTA, Mar. 28 (Reuters).—For the first time for ten years, the Police opened fire in Calcutta yesterday when a police picket was attacked by a gang of Municipal scavengers who have been on strike on Tuesday.

FOUR ROUNDS

After the Police had fired four rounds, eighteen of the strikers were arrested.

About 15,000 scavengers are on strike demanding a twenty-five per cent increase in wages. Efforts to extend the strike to other Municipal services were checked by the arrest of seven leaders.

LONDON'S BILL FOR A.R.P.

Sir Harold Webb, M.P., leader of the Municipal Reform party, addressing an Empire audience at the headquarters of the Overseas League, deplored the wholesale evacuation of firms from London. Westminster, he declared, was fast becoming a distressed area.

London, Sir Harold continued, had been more badly and tragically hit by the war than any other city in the country. The evacuation process had ruined it as a centre of retail trade. Shop owners and hotel proprietors found that their rate demands were greater than their gross incomes.

HEATER-SKELTER. The heater-skelter, from the Metropolis, was not justified since the present losses already outweighed the possible losses of air raid.

Sir Harold calculated that A.R.P. would cost London £10,000,000 a year. He suggested that there were too many paid workers and, except in some districts, not enough volunteers. Not enough use was being made of the women of the country.

The A.R.P. system should be run like the lifeboat service, with a nucleus of trained men and a rank and file of volunteers.

As evidence of the measures to protect London from bombing attacks Sir Harold Webb mentioned that the fire service which had 1,800 men before the war now numbered 28,000. There were 800 miles of hose and 12,500 fire engines.

The hospital of London had 72,000 beds empty for casualties and 3,000 ambulances available.

KOWLOON TONG GARDEN CITY ASSN. MEETING

Sound Financial Position

A sound financial position was reported at the seventh annual meeting of the Kowloon Tong Garden City Association held at the Club premises yesterday evening and presided over by Mr. Wong Chak-nam.

The Chairman, in his review of the past year, said that 81 members were admitted against six resignations and 23 were struck off the register.

He also revealed that the suggestion to augment the main building with two wings, if funds could be raised, had to be deferred for future consideration owing to the prevailing unfavourable conditions.

The Report and Statement of Accounts as presented at the meeting was adopted and carried unanimously. Messrs. Percy Smith, Seth and Fleming were re-elected auditors on the proposal of Mr. H. F. Un seconded by Mr. H. Gittins.

ELECTIONS

The following were elected to serve on the General Committee:—H. Gittins, H. M. Siu, Dr. Bernardo de Souza, Chan Ip-cho, J. N. Wong, H. F. Un, Wong Chak-nam, F. W. Stapleton, Peter S. Wong, U. Sze Wing, Lee Kam-ming, F. H. Kwok, A. H. Basto, A. E. H. Castro, Dr. Kwan Sum-yin, Mok Lin, and L. A. Osmund.

Members present were Messrs. Wong Chak-nam (Chairman), Lee Kam-ming (Hon. Sec.), H. F. Un (Hon. Treas.), H. Gittins, F. W. Stapleton, Dr. Kwan Sum-yin, Dr. Bernardo de Souza, Dr. V. M. Atienza, Messrs. C. J. Roe and H. A. Castro.

EASTERN NOT FIELDING S'HA1 "STARS" IN SHIELD FINAL GAME AGAINST S. CHINA "A" TOMORROW

Record Attendance Is Expected

BY "PILAT"

Rumours that Eastern will be including some Shanghai "stars" in their Senior Shield final match tomorrow against South China "A" were categorically denied by an official of the Eastern A.A. when approached on the matter by the Hongkong Daily Press last night.

On the contrary, Eastern will be fielding practically the same team that has served them so well throughout the season.

TELEPHONE BILL

Continued from page 5

Higher Royalties
The present Bill gives effect to negotiations with the Company which were initiated and practically brought to conclusion by Mr. Calne, with a view to removing those objectionable features in the Ordinance and at the same time securing higher royalties and other advantages to Government. The arrangement incorporated in the present Bill is as follows:—

The Company provides Government free of charge with a telephone service for Government purposes up to 500 lines and arranges for the necessary branch exchange in a place sufficiently protected from possible air raid damage. This exchange has been constructed in the basement of the Hongkong and Shanghai Bank Building.

Big Economy
The modernisation of the Government system, which is obsolescent, would involve considerable expenditure and on technical ground it is desirable to amalgamate the Government with the Company's system. The provision of this exchange represents a capital saving to Government of roughly one-quarter of a million dollars. Also a discount of 25 per cent will be allowed Government on the standard rate of subscription in respect of any telephones or connections in excess of these 500 lines.

Arrangements will be made later for the Company to take over other Government services when it is possible to obtain the necessary equipment, and until this matter has been further discussed from the technical angle it is difficult to estimate the ultimate saving to Government in respect of recurrent expenditure and personal emoluments, but an appreciable saving is anticipated in respect of both.

Additional Royalty

Also an additional royalty of one half of the surplus profits over and above the amount required to pay a 12 per cent dividend on the paid up capital shall be payable to Government. In order to avoid double taxation the Company is permitted to deduct any amount payable to Government by way of taxation on profits from the net annual profits of the company before surplus profits are assessed for war taxation. It will be observed that the remaining half of the surplus profits remains at the disposal of the directors who need not necessarily employ it for the purpose of increasing dividends.

Claim To Profits

This arrangement will apply retrospectively to the year 1939, so that Government may anticipate a considerable addition to the royalty otherwise payable in respect of that year. It is felt that Government, as representative of the whole community, has a prior claim to a share of the surplus profits in preference to the subscribers who already enjoy a remarkably cheap rate of subscription.

The management of reserves has been varied by allowing depreciation of existing investments to be charged to the capital reserve at once and in respect of capital reserve in lieu of the appropriation of a sum not exceeding \$170,492 per annum there will be paid an appropriation not exceeding \$92,577 per annum, plus the total amount of interest and dividends received during the year from the investment made on account of this reserve.

Sinking Fund Basis

This sum is calculated as sufficient to accumulate the required amount in thirty-six years on a sinking fund basis of 3 per cent.

EASTERN TO TOUR MANILA

Eastern will be leaving the Colony on a visit to Manila on the morning of April 9 by an Italian liner and will play five games or more in the Philippine Islands.

In order to complete their League programme by then, Eastern will be engaged in four matches in next week, the most important of which will be against Kowloon on Monday on the Club ground at 5 p.m. In their first meeting Kowloon won 4-3 at Kowloon ground.

This game will probably decide the runners-up position and should Kowloon win, they will have a good chance of finishing second to South China "A".

The other three matches are:—Wednesday v. Midsex (Club, 5 p.m.); Saturday v. Royal Scots (Sookunpoo, 5 p.m.) and Sunday v. Club. (This has not yet been arranged.)

We are informed that, in addition to the three Shanghai "stars," other players who will be included in the touring team are Lau Hing-chai and Lau Chung-sang, of S. China, and Lee Kwok-wai, Chan Man-chi and Lau Pook-chuen, of Kwong Wah.

Interest on investments made on behalf of the depreciation reserve will continue to be credited to profit and loss account. Depreciation of such investments will be debited against profits but any excess over their written down value on realisation will be credited.

Tribute To Mr. Taggart

The Bill is being introduced as a Government measure put its term have been agreed to by the directors of the Company. In perusing the Hansard account of the first reading in this Council of the Telephone Ordinance, 1925, one meets frequent tributes to the ability and tact of Mr. Taggart, who conducted the final negotiations in connection with the foundation of the Telephone Company of which he was a promoter and is the managing director, and I should like to record that the Government representatives in the present negotiations with Mr. Taggart have again met the same high qualities of vision and breadth of judgment, to which testimony is borne by the success of the Company and the service it has rendered to the Colony.

REPORT APPROVED

The Council approved the Report of the Finance Committee (No. 2) dated Mar. 14, 1940.

The following were present at the meeting:—

His Excellency the Governor, Sir Geoffrey Northcote, H. E. Major General A. E. Grassett (General Officer Commanding), Hon. Mr. N. L. Smith (Colonial Secretary), Hon. Mr. C. G. Alabaster (Attorney-General), Hon. Mr. R. A. C. North (Secretary for Chinese Affairs), Hon. Mr. H. R. Butters (Financial Secretary), Hon. Cmr. G. F. Hole (Harbour Master), Hon. Mr. T. H. King (Commissioner of Police), Hon. Dr. P. S. Selwyn-Clarke (Director of Medical Services), Hon. Mr. A. B. Purves (Director of Public Works), Hon. Sir Henry Pollock, Hon. Mr. J. J. Patterson, Hon. Mr. M. K. Lo, Hon. Dr. Li Shu-fan, Hon. Mr. A. L. Shields, Hon. Mr. W. N. Thomas and Mr. C. B. Burgess (Deputy Clerk of Councils).

HONGKONG'S WAR EFFORT

The following announcement was made by the Colonial Secretary, the Hon. Mr. N. L. Smith:—Sir, in order that the telegrams

These players, it is revealed, are N. Z. Lee, Hsu Wan-ku and Tsao Chow-ting. They are all members of the Lido Club, the champion team of Shanghai. It is also learned that these players' departure was delayed because they have to appear in the final of the Skottowe Cup. N. Z. Lee is well-known to Colony soccer fans as he first learned to play football with Eastern.

When asked about Eastern's chances in the final tomorrow, the official declined to commit himself but said that the players were confident and that Eastern's chances were certainly never so rosy as at the present.

TWO CHANGES

There will be two changes to the Eastern's line-up for tomorrow's match. Kong Sin-king, who did not play regularly owing to pressure of business, will be seen at right-back and his inclusion should strengthen the defence considerably. The other change is that Cheng Ying-kuen, who played at back in the semi-final, will be seen at inside-left. The remainder of the team will be the same and, therefore, the full line-up will be as follows:—

Lau Hin-hon; Kong Sin-king, Tsang Chung-wan; S. C. Liu (Capt.), Hsu King-shing, Lo Wai-kuen; Chung Yung-sum, Cheung Kam-hoi, Lee Tack, Cheng Ying-kuen (or Woo Chi-siang) and Hau Ching-to.

Evidence that tomorrow's "match of the season" will draw one of the "biggest crowds on record" can be judged from the fact that all tickets for the match, except a portion of the covered stand, have been sold out. So keen is the interest taken in this Chinese "derby" game that as early as last night people were willing to pay \$140 for a 55 cents ticket!

BIG MATCH

All in all, the final tomorrow promises to be the soccer attraction for some years and, in this regard, it is pointed out that, not since the visit of the Corinthians has the demand for tickets been so keen. It will be also of interest to note that this will be the first all-Chinese Shield final for many years and this, no doubt, will draw more than the usual crowd.

South China "A" have won the Shield for the past four years.

exchanged on the subject, of the Colony's war contribution, the text of which has already been published in the local press, may have a place on the records of this Council, I am commanded by Your Excellency to recite the following:—

From Governor, Hongkong, to Secretary of State, dated 14th March, 1940.

"I have the honour on behalf of the Colony of Hongkong to offer to His Majesty's Government as contributing towards the prosecution of the war the following amounts:

(a) \$5,000,000 towards the construction and equipment of two mine-sweeping vessels, four harbour defence vessels and two ferry tenders.

(b) a gift of £100,000 in cash. These amounts were unanimously voted in the Legislature today.

COLONY THANKED

From Secretary of State, to Governor, Hongkong dated 15th March, 1940.

"Please convey to the Legislative Council of Hongkong the sincere thanks of His Majesty's Government for their exceedingly generous decision to offer an immediate gift to His Majesty's Government of £100,000 towards the prosecution of the war and to provide for the construction of naval vessels from the proceeds of special war taxation. His Majesty's Government deeply appreciate these very practical contributions by the people of Hongkong towards the successful prosecution of the war."
